MSN Toolbar

This pop-up blocker is part of a menu bar and appears in the browser as follows:

![MSN Toolbar pop-up blocker](image)

The following icon is the pop-up blocker:

![MSN Toolbar pop-up blocker icon](image)

To disable pop-up blocking, click on the down arrow to the right of the text which will bring up the following menu:

![MSN Toolbar menu](image)

Click on either the Allow Pop-ups or the Allow Pop-ups for this Site option.
**Google Toolbar**

The following icon is the pop-up blocker:

![Google Toolbar icon](image)

To allow pop-ups to appear, merely click on the icon. You should now see the following:

![Google Toolbar pop-ups allowed](image)

**Yahoo! Toolbar**

The following icon is the pop-up blocker:

![Yahoo! Toolbar icon](image)

To disable pop-up blocking, click on the down arrow beside the icon to bring up its menu, as follows:

![Yahoo! Toolbar menu](image)

Click on the **Enable Pop-Up Blocker** option to remove the checkmark beside it, disabling the pop-up blocking.
AOL Toolbar

The following icon is the pop-up blocker:

To allow pop-ups to appear, merely click on the icon. You should now see the following:

Mozilla Firefox

Open the Tools menu and click on Options. The following window will appear:

Select the Content icon.
Remove the checkmark from beside the Block pop-up windows option.
Click OK to close the window.
You can go back into the menu after using our site to turn on the pop-up blocker.
Safari x.x

Safari's pop-up blocker is integrated into the browser much like the pop-up blocker for Internet Explorer. To disable the pop-up blocker select Edit from the main menu and deselect the Block Pop-up Windows menu item as shown below:
Opera

From the **Tools** menu, select the **Preferences** option. The following window will appear:

Click on the **Windows** option in the left-hand list in the window. Select the **Open all pop-ups** option in the **Pop-ups** list. Click the **OK** button to close the window.
Norton Internet Security/Firewall Pop-up Blocker

Bring up Norton Internet Security's/Firewall's main window. This can be accomplished by opening the Windows Start menu, selecting All Programs, and then selecting Norton Firewall.

A window like the following should appear:

Click on the Ad Blocking line.
Click on the Turn Off button.
Close the window.
