Attachments: Resolution; City Attorney Services Contract

Submitted By: Dave Gray, Asst. City Administrator

Approved For Agenda By: Daryl Eidinger, Mayor

Discussion: The City went out for RFQs for City Attorney Services on November 3, 2016. The panel consisting of the Mayor, Assistant City Administrators, Community Development Director, and City Clerk interviewed three firms the panel unanimously recommended Carol Morris of Morris Law, P.C. as a firm qualified and willing to provide the necessary services.

Recommendation: To move Resolution No. 17-xxx, to the January 10, 2017 Regular Council meeting for approval.

Fiscal Impact: After selection of the most qualified firm, in discussions with Carol Morris, the City Administration is confident the cost of City Attorney services will be reduced by approximately $40,000 in the 2017 Fiscal Year. Services in 2016, while not finalized as of this date, are estimated to be $180,000. One of the targets for the interview team was to determine if there were ways the staff could interact more efficiently with the contract City Attorney to decrease the cost while maintaining or improving the level of risk management provided.

The City's inspection or acceptance of any of the City Attorney’s work when completed shall not be grounds to avoid any of these covenants of indemnification. The provisions of this section shall survive the expiration or termination of this Agreement.

In the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the City Attorney and the City, its officers, officials, employees, agents and volunteers, the City Attorney’s liability hereunder shall be only to the extent of the City Attorney’s negligence.

Title: SHARP Copier Surplus Item

Attachments: Resolution, & Exhibit A- List of Item

Submitted By: City Clerk Rachel Pitzel
Approved For Agenda By: Daryl Eidinger, Mayor

Discussion: Staff has been working to clean up and dispose of miscellaneous obsolete equipment and improve overall City performance, economy through efficiency and where possible redundancy (back up) for City business. This process will authorize the Mayor upon Council approval of a Resolution, to surplus the City owned Sharp Copier.

Once the Sharp copier is declared surplus, the Mayor will authorize staff to trade it for a used Kyocera copier to be utilized as a backup to the newly leased main Kyocera copier. The backup machine will improve overall City productivity by significantly reducing down time due to maintenance issues with our increasingly obsolescent Sharp copier as well as improve productivity at the Front Desk, where the backup machine will be located. The backup machine will also improve public access to high speed printing of planning, permitting, inspection and Council Packet documentation.

Recommendation: 1) Bring forward to next Council meeting for adoption; 2) Forward to Study Session for further review

Fiscal Impact: The overall impact on the City budget is almost neutral in that the Kyocera machines are cheaper to operate overall. The cost savings on maintenance and supplies will be offset by additional maintenance for a backup machine. Overall copier use may also increase, as the availability of access to the public may induce more members of the public to purchase copies. Having a larger copier available at the Front Desk may help productivity, by keeping the Front Desk personnel in the Front Desk area, but may also be negligible. The financial impacts overall are likely negligible.

Title: Right of Way Code Proposed Revisions EMC 12.06
Attachments: Proposed, Draft Revisions
Submitted By: Aaron C. Nix, Assistant City Administrator, Municipal Services
Approved For Agenda By: Daryl Eidinger, Mayor

Discussion: Staff have expressed to the City Council on previous occasions the desire to meet the Council’s intention of creating a modified, streamlined permitting process as it pertains to less intrusive work by Utilities within non-critical areas within the City’s Right of Way in order to cut down on the amount of work required by these Utilities and the amount of oversight required on the part of the City. In meeting these desires, City Staff, in collaboration with the City Attorney have attempted to draft language that we believe meets the intent of the City Council and provides a mechanism for cost recovery, with minimal fiscal impact to the Applicant and the City. MTVE Staff were able to review the Draft code and Jacki Masters provided these comments in her email to Staff, dated 12/29/2016:

Please see my comments on the code revisions below:

Section 12.06.095 D refers to the Public Works Direction; I think it should read Public Works Director. Also, sections 12.06.060; 12.06.095 A; B; D; and E refer to a position entitled "Public Works Director". I didn't think the City of Edgewood had a Public Works Director. When I reviewed these proposed revisions with my board, Luke and Mark (who was in attendance representing the City of Edgewood) were unaware of a Public Works Director. Since this position is mentioned several times and given authority to act, shouldn't the position be one that currently exists within the City's staff? As always, thanks for your assistance and consideration.

General Manager

Recommendation: No formal recommendation at this point as this is a City Council Study Session item. The Mayor and Staff are looking towards the City Council to discuss these proposed modifications, receive input and guidance on next steps in ensuring equity and fairness to all utilities that utilize the City’s Right of Way in providing services to the residents of Edgewood.
**Fiscal Impact:** Under the City’s current code, any work within the City’s Right of Way by a Utility is required to obtain a Right of Way Permit. This can be after the fact in an emergency situation, but in these cases, permittees are exempt from having to pay permit fees for under these circumstances. In the case of the City’s past Franchise Agreement with MTVE, Right of Way permits were not required to be obtained by MTVE in cases in which work occurred outside the asphalt roadway section, but within the City’s Right of Way. In cases in which work did occur within the asphalt section of the road, permits were required for paper trail purposes only. In order to ensure better tracking of the activities within the City’s right of way, maintain public safety and infrastructure and ensure adequate financial tracking, as mandated by best accounting practices, code modifications are necessary, as requested by the Mayor, City Council and Staff in order to provide for a streamlined permitting process and provide adequate cost recovery for services provided.

Title: Draft/Revised Franchise Agreement with Mountain View/Edgewood Water Company, Version A and B.

Attachments: Draft MTVE Water Company Franchise Agreement and email from Jacki Masters received 12/15/2016.

Submitted By: Aaron C. Nix, Assistant City Administrator – Municipal Services

Approved For Agenda By: Daryl Eidinger, Mayor

Discussion: City Staff initiated discussions with the General Manager and the Operations Supervisor with Mountain View Edgewood Water Company (One of the City of Edgewood’s Water Purveyors) in July of this year to begin discussions as it pertains to updating and renewing the existing Franchise Agreement that had previously been executed between the City of Edgewood and this water purveyor. Work continues on coming to agreement between the City and this water purveyor with regard to a code required franchise agreement, in addition to Council requested code modifications pertaining to right of way permitting processes.

Recommendation: N/A.

Fiscal Impact: City Staff have budgeted the costs for fees and rates associated with water consumption for City facilities that will be new to the City under this revised franchise agreement. This amount varies as water consumption fluctuates from year to year, but has been estimated for the City by the water company and budgeted for by City Staff. Future costs associated with new City connections to the Mountain View Edgewood Water Company’s system will be budgeted within associated Capital Facility plans, based on the current rates established by MTVE. This figure may be modified based on the desires of the City Council in this regard.

    A. Notify MTVE during the planning phase to ensure collaborative effort is made to reduce project expense (to the City and MTVE), allow budgeting for the project and facilitate joint applications for grants and low-interest funding by the parties. The City will provide written notification requiring relocation of MTVE’s Facilities at least ninety (90) days or additional days, approved by the Mayor or his/her designee prior to the commencement of the government project or other event or condition necessitating the relocation.

    B. Provide MTVE with copies of pertinent portions of the plans and specifications for such project and where possible propose an alternative location for MTVE's Facilities so that MTVE may relocate its facilities within the current right-of-way or to other rights-of-way.

    C. After receipt of such notice and such plans and specifications, MTVE shall complete relocation of its facilities at least ten (10) days prior to commencement of the project at no charge or expense to the City. Relocation shall be accomplished in such a manner as to accommodate the project, event or condition necessitating the
relocation.

3.4 Without limitation of the foregoing, MTVE shall specifically indemnify the City, its officers, employees, agents and representatives, for any damages, claims, additional costs or expenses assessed against, or payable by, the City related to, arising out of, or resulting, directly or indirectly, from MTVE’s failure to timely remove, adjust or relocate any of its facilities in accordance with any requirement hereunder. The provisions of this subsection shall survive the expiration or termination of this franchise.

3.5 MTVE may, after receipt of written notice requesting relocation of its facilities, submit to the City written alternatives to such relocation. The City shall evaluate such alternatives in good faith and advise MTVE in writing if one or more of the alternatives are suitable to accommodate the work which would otherwise necessitate relocation of MTVE’s Facilities. If so requested by the City, MTVE shall submit additional information to assist the City in making such evaluation. The City shall give each alternative proposed by MTVE full and fair consideration. In the event the City in its sole discretion ultimately determines that there is no other reasonable or feasible alternative, MTVE shall relocate its facilities as otherwise provided in this Section.

3.6 The provisions of this Section shall in no manner preclude or restrict MTVE from making any arrangements it may deem appropriate when responding to a request for relocation of its facilities by any person or entity other than the City or another governmental entity, where the facilities to be constructed by said person or entity are not or will not become governmentally-owned, operated or maintained facilities, provided that such arrangements do not unduly delay a governmental project.

Section 4. Maps and Records. After construction of any new facilities in the City rights-of-way, and as a condition of this franchise, MTVE shall make available to the City upon request and at no cost, a copy of all as-built plans, maps and records revealing the final location and condition of MTVE’s facilities within the public rights-of-way. Said plans will be maintained at MTVE per Department of Homeland Security measures.

Section 5. Excavations. All construction work performed by MTVE or its contractors under or in relation to this franchise, specifically including without limitation any relocation, construction or maintenance of MTVE’s facilities, shall be accomplished in a safe and workmanlike manner, so to minimize interference with the free passage of traffic and the free use of adjoining property, whether public or private, and shall comply with all applicable laws and regulations. MTVE shall at all times post and maintain proper barricades and comply with all applicable safety regulations during such period of construction as required by the ordinances of the City or the laws of the state of Washington, including RCW 39.04.180 for the construction of trench safety systems.

Excavation in City-owned rights-of-way shall be governed by the provisions of the Edgewood Municipal Code (EMC) Chapter 12.06 - “Right-of-Way Franchises and Permits for Public and Private Utilities”. MTVE, at its own expense, shall secure any applicable permits required for excavating in any public right-of-way and shall give the City at least five (5) working days notice of its intent to commence work in the public right-of-way. In no case shall any work commence
on City-owned and maintained public road surfaces, without the required permit(s).

If either the City or MTVE shall at any time plan to make excavations in any area covered by this franchise and as described in this Section, the party planning such excavation shall afford the other, upon receipt of a written request to do so, a reasonable opportunity to share such excavation, PROVIDED THAT:

A. Such joint use shall not unreasonably delay the work of the party causing the excavation to be made; and
B. Such joint use shall be arranged and accomplished on terms and conditions satisfactory to both parties; and
C. Either party may deny such request for safety reasons. The provisions of this Section shall survive the expiration or termination of this franchise.

Section 6. Restoration after Construction. MTVE shall, after abandonment, installation, construction, relocation, maintenance or repair of its facilities within the Franchise Area, restore the surface of the right-of-way to at least the same condition in which the property existed immediately prior to any such installation, construction, relocation, maintenance or repair. The City’s Public Works Director shall have final approval of the condition of such rights-of-way after restoration. All concrete encased monuments which have been disturbed or displaced by such work shall be restored pursuant to all federal, state and local standards and specifications. MTVE agrees to promptly complete all such restoration work and to promptly repair any damage caused by such work at its sole cost and expense. The provisions of this Section shall survive the expiration, revocation or termination by other means of this franchise.

Section 7. WSDOT Standards. The parties expressly acknowledge that some rights-of-way within the franchise area, specifically including without limitation the Meridian Avenue / State Route 161 corridor, are part of the state highway system (“State Highways”) and are governed by the provisions of Chapter 47.24 RCW and applicable Washington State Department of Transportation (WSDOT) requirements in addition to local ordinances and other regulations. Without limitation of any other provision of this franchise, MTVE agrees that:

(1) any pavement trenching and restoration performed by MTVE within State Highways shall meet or exceed applicable WSDOT requirements;
(2) any portion of a State Highway damaged or injured by MTVE shall be restored, repaired and/or replaced by MTVE to a condition that meets or exceeds applicable WSDOT requirements; and
(3) without prejudice to any right or privilege of the City, WSDOT is authorized to enforce in an action brought in the name of the State of Washington any condition of this franchise with respect to any portion of a State Highway.

Section 8. Emergency Work. Permit Waiver. In the event of any emergency in which any of MTVE's Facilities located in or under any right-of-way breaks, becomes damaged, or if MTVE's construction area is otherwise in such a condition as to immediately endanger the property, life, health or safety of any individual, MTVE shall immediately take the proper emergency measures to repair its facilities, and to cure or remedy the dangerous condition(s) for the protection of property, life, health or safety of individuals without first applying for and obtaining a permit as required by this franchise. However, this shall not relieve MTVE from the
requirement of obtaining any permits necessary for this purpose, and MTVE shall apply for all such permits not later than the next succeeding day during which the Edgewood City Hall is open for business.

**Section 9. Dangerous Conditions. Authority for City to Abate.** Whenever the construction, installation or excavation of facilities authorized by this franchise has caused or contributed to a condition that appears to substantially impair the lateral support of the adjoining street or public place, or otherwise endangers the public, an adjoining public place, street utilities or City property, the Mayor may direct MTVE, at MTVE's own expense, to take actions to protect the public, adjacent public places, City property or street utilities, and such action may include compliance within a prescribed time.

In the event that MTVE fails or refuses to promptly take the actions directed by the City, or fails to fully comply with such directions, or if emergency conditions exist which require immediate action, before the City can timely contact MTVE to request MTVE affect the immediate repair, the City may enter upon the property and take such actions as are necessary to protect the public, the adjacent streets, or street utilities, or to maintain the lateral support thereof, or actions regarded as necessary safety precautions. The provisions of this Section shall survive the expiration, revocation or termination of this franchise.

**Section 10. Indemnification.** MTVE hereby releases, covenants not to bring suit and agrees to indemnify, defend and hold harmless the City, its officers, employees, agents and representatives from any and all claims, costs, judgments, awards or liability to any person, including attorneys' fees and including claims by MTVE's own employees for which MTVE might otherwise be immune under Title 51 RCW, for injury or death of any person or damage to property caused by or arising, in whole or in part, out of the acts or omissions of MTVE, its agents, contractors, subcontractors, servants, officers or employees in the performance of this franchise, and any rights granted hereunder. The above waiver of immunity under Title 51 RCW has been mutually negotiated by the parties.

Inspection or acceptance by the City of any work performed by MTVE at the time of completion of construction shall not be grounds for avoidance by MTVE of any of its obligations under this Section. Said indemnification obligations shall extend to claims which are not reduced to a suit and any claims which may be compromised prior to the culmination of any litigation or the institution of any litigation.

In the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of MTVE and the City, MTVE's liability hereunder shall be only to the extent of MTVE's negligence. The provisions of this Section shall survive the expiration or termination of this franchise.

**Section 11. Insurance.** MTVE shall procure and maintain for the duration of the franchise the following liability insurance policies, insuring both MTVE and naming the City, and its elected and appointed officers, officials, agents, representatives, and employees as additional insureds:

A. Comprehensive general liability insurance with limits not less than:
   1. $2,000,000 for bodily injury or death to each person;
2. $2,000,000 for property damage resulting per occurrence; and
3. $2,000,000 for all other types of liability.

B. Automobile liability for owned, non-owned and hired vehicles with a limit of
   $1,000,000 for each person and $3,000,000 for each accident.

C. Worker's compensation within statutory limits and employer's liability insurance with
   limits of not less than $1,000,000.

D. Comprehensive form premises-operations, explosions and collapse hazard, underground
   hazard and products completed operation hazard policies with limits of not less than
   $2,000,000.

E. The liability insurance policies required by this Section shall be maintained at all times
   by the MTVE. Each such insurance policy shall contain the following endorsement:

   "It is hereby understood and agreed that this policy may not be canceled nor the intention
   not to renew be stated until 90 days after receipt by the City, by registered mail, of a
   written notice addressed to the City Risk Manager of such intent to cancel or not to
   renew."

MTVE may satisfy the requirements of this section by a self-insurance program or membership
in an insurance pool providing substantially the same coverage as set forth above and approved
by the City.

Section 12. Restoration Bond. In lieu of a restoration bond pursuant to EMC 12.06.218,
MTVE hereby warrants all work performed under this franchise and further specifically
represents and warrants that all required restoration of the right-of-way shall be performed
timely, in a workmanlike manner, and in full compliance with all applicable regulatory standards.

Section 13. Modification. The City and MTVE hereby reserve the right to mutually
alter, amend or modify the terms and conditions of this franchise upon written agreement of both
parties to such alteration, amendment or modification. No such alteration, amendment or
modification shall be effective without a writing signed by both parties.

Section 14. Forfeiture and Revocation. If MTVE willfully violates or fails to comply
with any of the provisions of this franchise, or through willful misconduct or negligence fails to
heed or comply with any notice given by the City under the provisions of this franchise, then
MTVE shall forfeit all rights conferred hereunder and this franchise may be revoked or annulled
by the Edgewood City Council after a hearing held upon notice to MTVE.

Section 15. Remedies to Enforce Compliance. The City may elect, in lieu of revocation
and without any prejudice to any of its other legal rights and remedies, to obtain an order from
the superior court having jurisdiction compelling MTVE to comply with the provisions of this
franchise. In addition to any other remedy provided herein, the City reserves the right to pursue
any remedy to compel or force MTVE and/or its successors and assigns to comply with the terms
hereof, and the pursuit of any right or remedy by the City shall not prevent the City from
thereafter declaring a forfeiture or revocation for breach of the conditions herein.

Section 16. Legal Compliance. City Ordinances and Regulations. MTVE shall comply
with applicable federal, state and local laws, rules and regulations, unless otherwise modified as part of this franchise, at all times relevant to this franchise. Nothing herein shall be deemed to restrict the City's ability to adopt and enforce all necessary and appropriate ordinances regulating the performance of the conditions of this franchise, including any valid ordinance made in the exercise of its police powers in the interest of public safety and for the welfare of the public. In the event of a conflict between the provisions of this franchise and any other ordinance(s) enacted under the City's police power authority, such other ordinance(s) shall take precedence over the provisions set forth herein.

Section 18. Acceptance. Within sixty (60) days after the passage and approval of this Ordinance, this franchise may be accepted by MTVE by its filing with the City Clerk an unconditional written acceptance thereof. NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, DO ORDAIN AS FOLLOWS:

Section 1. Franchise Granted; Term. Pursuant to RCW 35A.47.040, the City of Edgewood, a Washington municipal corporation (hereinafter the "City"), hereby grants to MTVE, a non-profit public utility owned by City taxpayers and organized under the laws of the state of Washington, its heirs, successors, legal representatives and assigns, subject to the terms and conditions hereinafter set forth and all applicable City codes and regulations, a nonexclusive franchise beginning on the effective date set forth in Section 23 herein. The term of the franchise shall be five (5) years.

This franchise shall grant MTVE the right, privilege and authority to construct, operate, maintain, replace, and repair all necessary facilities for water delivery, in, under, on, across, over, through, along or below the public rights-of-way located in the City of Edgewood ("the Franchise Area"), as approved under City permits issued pursuant to this franchise. “Rights-of-way” as used herein
means all public streets, roads, alleys and highways of the City as now or hereafter laid out, platted, dedicated or improved.

This franchise is granted upon the express condition that it shall not in any manner prevent the City from granting other or further franchises in, along, over, through, under, below or across any of said rights-of-way. Such franchise shall in no way prevent or prohibit the City and/or the public from using any of said roads, streets or other public properties or affect its jurisdiction over them or any part of them, and the City shall retain power to make all necessary changes, relocations, repairs, maintenance, establishment, improvement, dedication of same as the City may deem fit, including the dedication, vacation, establishment, maintenance, and improvement of all new rights-of-way, thoroughfares and other public properties of every type and description.

Section 3. Relocation of Water System Facilities.

3.1 MTVE agrees and covenants to, at MTVE’s sole expense, protect, support, temporarily disconnect, relocate or remove from any rights-of-way any of MTVE’s facilities when so required by the City by reason of traffic conditions, public safety, dedications of new rights-of-way and the establishment and improvement thereof, widening and improvement of existing rights-of-way, street vacations, road and walkway construction, change or establishment of street grade, and/or the construction of any public improvement or structure by any governmental agency acting in a governmental capacity (a “governmental project”).

3.2 Any condition or requirement imposed by the City upon any person or entity (including without limitation any condition or requirement imposed pursuant to any contract or in conjunction with approvals for permit for zoning, land use, construction or development) which reasonably necessitates the relocation of MTVE’s Facilities within the franchise area shall be a required relocation for purposes of subsection 3.1 above.

3.3 If the City determines that a governmental project or other event or condition, as defined in subsections 3.1 and 3.2, necessitates the relocation of MTVE’s Facilities, the City shall, to the extent reasonably practicable:

A. Notify MTVE during the planning phase to ensure collaborative effort is made to reduce project expense (to the City and MTVE), allow budgeting for the project and facilitate joint applications for grants and low-interest funding by the parties. The City will provide written notification requiring relocation of MTVE’s Facilities at least ninety (90) days or additional days, approved by the Mayor or his/her designee prior to the commencement of the government project or other event or condition necessitating the relocation.

B. Provide MTVE with copies of pertinent portions of the plans and specifications for such project and where possible propose an alternative location for MTVE's Facilities so that MTVE may relocate its facilities within the current right-of-way or to other rights-of-way.

C. After receipt of such notice and such plans and specifications, MTVE shall complete relocation of its facilities at least ten (10) days prior to commencement of the project at no charge or expense to the City. Relocation shall be accomplished in such manner as to accommodate the project, event or condition necessitating the
3.4 Without limitation of the foregoing, MTVE shall specifically indemnify the City, its officers, employees, agents and representatives, for any damages, claims, additional costs or expenses assessed against, or payable by, the City related to, arising out of, or resulting, directly or indirectly, from MTVE’s failure to timely remove, adjust or relocate any of its facilities in accordance with any requirement hereunder. The provisions of this subsection shall survive the expiration or termination of this franchise.

3.5 MTVE may, after receipt of written notice requesting relocation of its facilities, submit to the City written alternatives to such relocation. The City shall evaluate such alternatives in good faith and advise MTVE in writing if one or more of the alternatives are suitable to accommodate the work which would otherwise necessitate relocation of MTVE’s Facilities. If so requested by the City, MTVE shall submit additional information to assist the City in making such evaluation. The City shall give each alternative proposed by MTVE full and fair consideration. In the event the City in its sole discretion ultimately determines that there is no other reasonable or feasible alternative, MTVE shall relocate its facilities as otherwise provided in this Section.

3.6 The provisions of this Section shall in no manner preclude or restrict MTVE from making any arrangements it may deem appropriate when responding to a request for relocation of its facilities by any person or entity other than the City or another governmental entity, where the facilities to be constructed by said person or entity are not or will not become governmentally-owned, operated or maintained facilities, provided that such arrangements do not unduly delay a governmental project.

Section 4. Maps and Records. After construction of any new facilities in the City rights-of-way, and as a condition of this franchise, MTVE shall make available to the City upon request and at no cost, a copy of all as-built plans, maps and records revealing the final location and condition of MTVE’s facilities within the public rights-of-way. Said plans will be maintained at MTVE per Department of Homeland Security measures.

Section 5. Excavations. All construction work performed by MTVE or its contractors under or in relation to this franchise, specifically including without limitation any relocation, construction or maintenance of MTVE’s facilities, shall be accomplished in a safe and workmanlike manner, so to minimize interference with the free passage of traffic and the free use of adjoining property, whether public or private, and shall comply with all applicable laws and regulations. Excavation in City-owned rights-of-way shall be governed by the provisions of the Edgewood Municipal Code (EMC) Chapter 12.06 - “Right-of-Way Franchises and Permits for Public and Private Utilities”. MTVE, at its own expense, shall secure any applicable permits required for excavating in any public right-of-way and shall give the City at least five (5) working days notice of its intent to commence work in the public right-of-way. In no case shall any work commence
on City-owned and maintained public road surfaces, without the required permit(s).

If either the City or MTVE shall at any time plan to make excavations in any area covered by this franchise and as described in this Section, the party planning such excavation shall afford the other, upon receipt of a written request to do so, a reasonable opportunity to share such excavation, PROVIDED THAT:

A. Such joint use shall not unreasonably delay the work of the party causing the excavation to be made; and
B. Such joint use shall be arranged and accomplished on terms and conditions satisfactory to both parties; and
C. Either party may deny such request for safety reasons. The provisions of this Section shall survive the expiration or termination of this franchise.

Section 6. Restoration after Construction. MTVE shall, after abandonment, installation, construction, relocation, maintenance or repair of its facilities within the Franchise Area, restore the surface of the right-of-way to at least the same condition in which the property existed immediately prior to any such installation, construction, relocation, maintenance or repair. The City’s Public Works Director shall have final approval of the condition of such rights-of-way after restoration. All concrete encased monuments which have been disturbed or displaced by such work shall be restored pursuant to all federal, state and local standards and specifications. MTVE agrees to promptly complete all such restoration work and to promptly repair any damage caused by such work at its sole cost and expense. The provisions of this Section shall survive the expiration, revocation or termination by other means of this franchise.

Section 7. WSDOT Standards. The parties expressly acknowledge that some rights-of-way within the franchise area, specifically including without limitation the Meridian Avenue / State Route 161 corridor, are part of the state highway system (“State Highways”) and are governed by the provisions of Chapter 47.24 RCW and applicable Washington State Department of Transportation (WSDOT) requirements in addition to local ordinances and other regulations. Without limitation of any other provision of this franchise, MTVE agrees that:

(1) any pavement trenching and restoration performed by MTVE within State Highways shall meet or exceed applicable WSDOT requirements;
(2) any portion of a State Highway damaged or injured by MTVE shall be restored, repaired and/or replaced by MTVE to a condition that meets or exceeds applicable WSDOT requirements; and
(3) without prejudice to any right or privilege of the City, WSDOT is authorized to enforce in an action brought in the name of the State of Washington any condition of this franchise with respect to any portion of a State Highway.

Section 8. Emergency Work. Permit Waiver. In the event of any emergency in which any of MTVE's Facilities located in or under any right-of-way breaks, becomes damaged, or if MTVE's construction area is otherwise in such a condition as to immediately endanger the property, life, health or safety of any individual, MTVE shall immediately take the proper emergency measures to repair its facilities, and to cure or remedy the dangerous condition(s) for the protection of property, life, health or safety of individuals without first applying for and obtaining a permit as required by this franchise. However, this shall not relieve MTVE from the
requirement of obtaining any permits necessary for this purpose, and MTVE shall apply for all such permits not later than the next succeeding day during which the Edgewood City Hall is open for business.

**Section 9. Dangerous Conditions. Authority for City to Abate.** Whenever the construction, installation or excavation of facilities authorized by this franchise has caused or contributed to a condition that appears to substantially impair the lateral support of the adjoining street or public place, or otherwise endangers the public, an adjoining public place, street utilities or City property, the Mayor may direct MTVE, at MTVE's own expense, to take actions to protect the public, adjacent public places, City property or street utilities, and such action may include compliance within a prescribed time.

In the event that MTVE fails or refuses to promptly take the actions directed by the City, or fails to fully comply with such directions, or if emergency conditions exist which require immediate action, before the City can timely contact MTVE to request MTVE affect the immediate repair, the City may enter upon the property and take such actions as are necessary to protect the public, the adjacent streets, or street utilities, or to maintain the lateral support thereof, or actions regarded as necessary safety precautions. The provisions of this Section shall survive the expiration, revocation or termination of this franchise.

**Section 10. Indemnification.** MTVE hereby releases, covenants not to bring suit and agrees to indemnify, defend and hold harmless the City, its officers, employees, agents and representatives from any and all claims, costs, judgments, awards or liability to any person, including attorneys' fees and including claims by MTVE's own employees for which MTVE might otherwise be immune under Title 51 RCW, for injury or death of any person or damage to property caused by or arising, in whole or in part, out of the acts or omissions of MTVE, its agents, contractors, subcontractors, servants, officers or employees in the performance of this franchise, and any rights granted hereunder. The above waiver of immunity under Title 51 RCW has been mutually negotiated by the parties.

Inspection or acceptance by the City of any work performed by MTVE at the time of completion of construction shall not be grounds for avoidance by MTVE of any of its obligations under this Section. Said indemnification obligations shall extend to claims which are not reduced to a suit and any claims which may be compromised prior to the culmination of any litigation or the institution of any litigation.

In the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of MTVE and the City, MTVE's liability hereunder shall be only to the extent of MTVE's negligence. The provisions of this Section shall survive the expiration or termination of this franchise.

**Section 11. Insurance.** MTVE shall procure and maintain for the duration of the franchise the following liability insurance policies, insuring both MTVE and naming the City, and its elected and appointed officers, officials, agents, representatives, and employees as additional insureds:

A. Comprehensive general liability insurance with limits not less than:
   1. $2,000,000 for bodily injury or death to each person;
2. $2,000,000 for property damage resulting per occurrence; and

   limits of not less than $1,000,000.

   $2,000,000.

   by the MTVE. Each such insurance policy shall contain the following endorsement:

   "It is hereby understood and agreed that this policy may not be canceled nor the intention
   not to renew be stated until 90 days after receipt by the City, by registered mail, of a
   written notice addressed to the City Risk Manager of such intent to cancel or not to
   renew."

MTVE may satisfy the requirements of this section by a self-insurance program or membership
in an insurance pool providing substantially the same coverage as set forth above and approved
by the City.

Section 12. Restoration Bond. In lieu of a restoration bond pursuant to EMC 12.06.218,
MTVE hereby warrants all work performed under this franchise and further specifically
represents and warrants that all required restoration of the right-of-way shall be performed
timely, in a workmanlike manner, and in full compliance with all applicable regulatory standards.

Section 13. Modification. The City and MTVE hereby reserve the right to mutually
alter, amend or modify the terms and conditions of this franchise upon written agreement of both
parties to such alteration, amendment or modification. No such alteration, amendment or
modification shall be effective without a writing signed by both parties.

Section 14. Forfeiture and Revocation. If MTVE willfully violates or fails to comply
with any of the provisions of this franchise, or through willful misconduct or negligence fails to

and without any prejudice to any of its other legal rights and remedies, to obtain an order from
the superior court having jurisdiction compelling MTVE to comply with the provisions of this
franchise. In addition to any other remedy provided herein, the City reserves the right to pursue
any remedy to compel or force MTVE and/or its successors and assigns to comply with the terms
hereof, and the pursuit of any right or remedy by the City shall not prevent the City from
thereafter declaring a forfeiture or revocation for breach of the conditions herein.

Section 16. Legal Compliance. City Ordinances and Regulations. MTVE shall comply
with applicable federal, state and local laws, rules and regulations, unless otherwise modified as part of this franchise, at all times relevant to this franchise. Nothing herein shall be deemed to restrict the City's ability to adopt and enforce all necessary and appropriate ordinances regulating the performance of the conditions of this franchise, including any valid ordinance made in the exercise of its police powers in the interest of public safety and for the welfare of the public. In the event of a conflict between the provisions of this franchise and any other ordinance(s) enacted under the City's police power authority, such other ordinance(s) shall take precedence over the provisions set forth herein.

Rachel Pitzel, City Clerk
Aaron,

Thanks for getting this to me so quickly - much appreciated. Our Board reviewed this current version at last night's meeting and are comfortable that the terms will work for both our agencies.

I am still reviewing the proposed code language and will get you comments after Mike and I have a chance to compare notes. He is off for a few days and I will be off next week. I hope it won't be a problem for me to send comments the last week of this month.

I would also like to get started with the zoning change at the reservoir site on 48th. Will this emailed request suffice or do you need a more formal request?

Lastly, along with the re-zoning is our request to have the site designated an Essential Public Facility.

Thanks for your assistance in these matters and helping me to understand the processes.

General Manager
