Title: Dechaux Road Traffic Restriction – Debrief and Next Steps

Attachments: February 2, 2018 Handout depicting Interim Restriction
Suggested Final Configuration Changes

Submitted By: Jeremy Metzler, PE – Public Works Director
Approved For Agenda By: Daryl Eidinger – Mayor

Discussion: Due to multiple requests from citizens living in the Dechaux Road neighborhood regarding increased traffic volumes and unsafe conditions, the City collected traffic data and held a public meeting in October 2017. Several options were discussed to reduce the volume of traffic diverting from Meridian Avenue East during the evening commute, and a temporary solution was prepared in November 2017 and installed in February 2018 (see attached Interim Restriction handout).

As the restrictions have been in place for over three months, we have invited the Dechaux Road neighborhood back for further discussion on this matter, including effectiveness and next steps. In order to make the changes more permanent, Staff is proposing the attached “Suggested Final Configuration Changes”.

Recommendation: Bring forward a resolution to formalize and finalize the traffic restrictions on Dechaux Road East at Meridian Avenue East.

Alternatives: 1) Do not adopt. 2) Forward to Study Session for further review.

Fiscal Impact: Approximately $1,500

Discussion
The City of Edgewood contracted with Environmental Sciences Associates (ESA) to update its Critical Areas Ordinance (CAO) in accordance with the requirements of the Growth Management Act. ESA reviewed best available science regarding the City’s critical areas and assisted the City with revisions to Edgewood Municipal Code (EMC) Title 14. The work ESA performed was completed within three tasks.

Under Task 1, ESA reviewed existing conditions, current critical area regulations, regulatory agency requirements and guidelines, and relevant best available science. ESA, with its team partners, developed recommendations for revising the CAO based on our review of best available science, our experience with other critical areas ordinances, and recent agency guidelines.

Task 2 charged ESA with a review and update to existing critical areas inventory mapping datasets, where information changed. These maps were updated using existing publicly-available data sources from the City, Pierce County, State of Washington (WDNR, WDFW and Ecology), and federal agencies. After City review and approval of the recommended code revisions developed in Task 1, ESA proposed revisions to the City’s current CAO regulations. The final task, Task 3, was the initial redlined draft from ESA that is included as Exhibit 1.

The Planning Commission (PC) held a public hearing on the modified draft code on August 21, 2017. City staff incorporated the PC comments and refined the CAO draft for discussion during the October 17, 2017 City Council meeting. The refined CAO draft is
attached as Exhibit 2 and served as the basis for City Council’s public hearing on November 14, 2017. Once the lingering public comments and the input from City Council’s hearing were incorporated into the drafted code, major modifications were necessary. The result of the major modifications led staff to request City Council to remand this item back to the Planning Commission for another public hearing.

On March 30, 2018, the City sent a copy of the latest draft code, both the redlined and clean drafts (Exhibits 3 and 4, respectively), to the Washington State Department of Commerce (DOC), as required by RCW 36.70A.106(1). On April 3, 2018, the DOC confirmed the City met the procedural requirements and processed the request with material ID # 24770.

On April 16, 2018, the PC held a public hearing on the updated draft. The ESA consultants, the Washington Department of Ecology, and the City Attorney Office all provided comments in conjunction with the PC hearing. Those comments and any received during the City Council hearing on May 8 will be incorporated into the final draft ordinance.

On May 8, 2018, the City Council held a public hearing and received a comment regarding the inclusion of swales as wetland area. By definition, intentionally created grass-lined swales are not included in the wetland area. A naturally occurring swale, as defined by Webster’s Dictionary to be “a low-lying or depressed and often wet stretch of land,” may still be considered as wetland area per the drafted code.

Title: TCMS Purchase Order 2018014 and Resolution/Contract for Maintenance

Attachments: PO 2018014, TCMS Purchase schedule of inventory and special services provisions and Resolution for Contract for maintenance and Contract for Maintenance executed by TCMS.

Submitted By: Dave Gray, Assistant City Administrator

Approved For Agenda By: Daryl Eidinger, Mayor

Prepared For Agenda By: Staff

Recommendation: Authorize the Mayor to execute the TCMS, Inc. purchase order for a new HVAC Control System.

Discussion: After selecting TCMS for the City Hall HVAC system maintenance and operations Purchased Services Agreement, staff was apprised of the failure of the existing Delta Control system. In 2016 TCMS and Key Mechanical submitted bids for the work. Both bid amounts were more expensive than the City could manage due to other large facility maintenance costs (painting City Hall). The repair was budgeted for 2018 @ $68,000. After soliciting new bids for the work using the MRSC public works roster, no new bids were received (after one month). This is likely due to the specialized nature of the HVAC system and the fact that a maintenance contract was not also bid, as TCMS currently holds that contract with the City. TCMS remains the only viable bidder. Execution of the purchase order will enable TCMS to complete the work identified in 2016. The contract for maintenance services is to have TCMS maintain the control system in concert with the mechanical systems they already maintain. It would eliminate the unpredictable cost of parts and labor on the existing obsolete control system and get the City completely out of the HVAC maintenance and repair business.

Alternatives: 1) Do not adopt. 2) Forward to Study Session for further review.

Fiscal Impact: The budgeted repair is $66,856.57 including state sales tax., the first year annual maintenance contract is $6,300.00 including state sales tax.

The City of Edgewood
CITY OF EDGEWOOD

REQUEST FOR BID-HVAC CONTROL SYSTEM INSTALLATION

Overview: The City of Edgewood City Hall utilizes a closed loop thermal heat pump system to provide the building with heating and cooling. The system was installed in 2009 utilizing a Delta Control Automation System. The system has been failing for several years and the City is requesting bids to replace it. The replacement is a partial integration and partial rip and replace project. The City requests bids for a replacement with a Building Logix controller system powered by Niagara, utilizing open integration products with open protocols that our current HVAC maintenance vendor can operate with their Tridium Niagara License. The bid will include the replacement of the existing front end control board, proper drives, new controllers to the HRU, WWHP, air temperature, water temperature and flow sensors. Differential pressure controls and current transmitter relays will also be replaced.

Specifics: for a specific needs assessment to make a bid, please contact the City of Edgewood, Assistant City Administrator. The Bid may require an on-site visit to investigate the full scope of the project. This City is currently receiving HVAC maintenance on a multi-year contract. The maintenance contract is let every five years. The current agreement expires on January 21, 2020. The current annual maintenance agreement cost to the City is $19,848.00. This request for bid is strictly for the replacement of the control systems.

Dear Mr. Wyche,

Thank you for your letter regarding our HVAC On-Call service contract. The City has enjoyed our relationship this past year. Your service has been excellent. Rick is very personable and knows our system well. The increase is what we had agreed upon.

We would like to get an updated estimate to replace our control system. Council approved an appropriation in the 2018 Budget, which as you know, we could not do in 2017 due to financial constraints. Once we complete a quick review we will be in a position to get the work done. Our sincere hope is, as much as it’s been great to see Rick; our service call volume will drop significantly as a result of greatly improved system stability.

Give me a call if you need to discuss any of the particulars.

GOODS & SERVICES AGREEMENT FOR ORDINARY MAINTENANCE - 2
(Over $10,000.00, including WSST)
the change increases or decreases the Vendor's costs or time for performance, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Vendor on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The Vendor shall proceed with the change order work upon receiving either a written change order from the City or an oral order from the City before actually receiving the written change order. The Vendor accepts all requirements of a change order by: (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting in the way this section provides. A change order that is accepted by Vendor as provided in this section shall constitute full payment and final settlement of all claims for contract time and for direct, indirect and consequential costs, including costs of delays related to any work, either covered or affected by the change.

VIII. CLAIMS. If the Vendor disagrees with anything required by a change order, another written order, or an oral order from the City, including any direction, instruction, interpretation, or determination by the City, the Vendor may file a claim as provided in this section. Any claim for damages, additional payment for any reason, or extension of time, whether under this Agreement or otherwise, shall be conclusively deemed to have been waived by the Vendor unless a timely written claim is made in strict accordance with the applicable provisions of this Agreement.

At a minimum, a Vendor's written claim shall include the information set forth in subsections A, items 1 through 5 below.

2. The nature and circumstances that caused the claim;
3. The provisions in this Agreement that support the claim;
4. The estimated dollar cost, if any, of the claimed work and how that estimate was determined; and
5. An analysis of the progress schedule showing the schedule change or disruption if the Vendor is asserting a schedule change or disruption.

B. Records. The Vendor shall keep complete records of extra costs and time incurred as a result of the asserted events giving rise to the claim. The City shall have access to any of the Vendor's records needed for evaluating the protest.

GOODS & SERVICES AGREEMENT FOR ORDINARY MAINTENANCE - 3
(Over $10,000.00, including WSST)
The City will evaluate all claims, provided the procedures in this section are followed. If the City determines that a claim is valid, the City will adjust payment for work or time by an equitable adjustment. No adjustment will be made for an invalid protest.

C. Vendor's Duty to Complete Protested Work. In spite of any claim, the Vendor shall proceed promptly to provide the goods, materials and services required by the City under this Agreement.

D. Failure to Protest Constitutes Waiver. By not protesting as this section provides, the Vendor also waives any additional entitlement and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).

E. Failure to Follow Procedures Constitutes Waiver. By failing to follow the procedures of this section, the Vendor completely waives any claims for protested work and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).

IX. LIMITATION OF ACTIONS. VENDOR MUST, IN ANY EVENT, FILE ANY LAWSUIT ARISING FROM OR CONNECTED WITH THIS AGREEMENT WITHIN 120 CALENDAR DAYS FROM THE DATE THE CONTRACT WORK IS COMPLETE OR VENDOR'S ABILITY TO FILE THAT SUIT SHALL BE FOREVER BARRED. THIS SECTION FURTHER LIMITS ANY APPLICABLE STATUTORY LIMITATIONS PERIOD.

C. Resolution of Disputes and Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Washington. If the parties are unable to settle any dispute, difference or claim arising from the parties' performance of this Agreement, the exclusive means of resolving that dispute, difference or claim, shall only be by filing suit exclusively under the venue, rules and jurisdiction of the Pierce County Superior Court, Pierce County, Washington, unless the parties agree in writing to an alternative dispute resolution process. In any claim or lawsuit for damages arising from the parties' performance of this Agreement, each party shall pay all its legal costs and attorney's fees incurred in defending or bringing such claim or lawsuit, including all appeals, in addition to any other recovery or award provided by law; provided, however, nothing in this paragraph shall be construed to limit the City’s right to indemnification under Section XII of this Agreement.

Title: City Hall Lease to East Pierce Fire & Rescue

Attachments: Resolution No. 18-04xx, City Hall Lease to East Pierce Fire & Rescue

Submitted By: Dave Gray, Assistant City Administrator

Approved For Agenda By: Daryl Eidinger, Mayor

Prepared For Agenda By: Carol Morris, City Attorney

Recommendation: Authorize the Mayor to execute the Lease with East Pierce Fire & Rescue for a 36-month rental with two, one-year extensions by mutual agreement.

Discussion: The Mayor has evaluated the fiscal prudence of leasing the downstairs City Hall area to East Pierce Fire & Rescue for 3 years. The rental income equals $151,200. The estimated cost of constructing the catering kitchen, parking lot, sidewalk and storage areas in this section of City Hall to make the space attractive for use as an event space for public use, is estimated at approximately $160,000.

The Mayor believes this is an opportunity to help the Fire Department, who is searching for a temporary space while they bond and construct a new Headquarters, and using the fair market rental income to pay the lion’s share cost of the space improvement.

The lease calls out a minimum of 36 months with two, one year extensions by mutual agreement.

Alternatives: 1) Do not adopt. 2) Forward to Study Session for further review.

Fiscal Impact: The impact of the lease would be to increase general fund revenue by $50,400 per year. The cost of utilities is likely to increase marginally, as the space is already heated utilizing the City Hall geothermal heating system.
RESOLUTION NO. 18-04xx

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EDGEWOOD, PIERCE COUNTY, WASHINGTON AUTHORIZING THE MAYOR TO EXECUTE A LEASE WITH EAST PIERCE FIRE & RESCUE FOR A PORTION OF THE CITY HALL FACILITY

WHEREAS, the City Council recognizes the value to the Community when local governments cooperate in providing services to the public; and

WHEREAS, East Pierce Fire & Rescue, the life safety provider for EMS, Fire & Public Safety Administration and Education for the City of Edgewood is in need of temporary office space while they seek a long term solution to their Headquarters needs; and

WHEREAS, the City has plans to develop the remaining under-utilized space at City Hall as a public venue for private to rent and community benefit program use, which have not previously been executed due to budget restraints; and

WHEREAS, the City and East Pierce Fire & Rescue believe this space will meet the needs of East Pierce Fire & Rescue, provide the City with revenue to execute the improvement plan to the space, and ultimately serve to provide for both needs to service the public;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EDGEWOOD, WASHINGTON, DOES RESOLVE AS FOLLOWS:

Section 1. The Mayor is hereby authorized to execute a lease for the downstairs space (approximately 2600 square feet) at City Hall in the amount of $4,200 per month for 36 months, with two, year-long extensions approved by mutual consent.

Daryl Eidinger, Mayor

ATTEST:

Section 12. Default.

A. Landlord’s remedies. The Landlord shall be entitled to its election (unless Tenant shall cure such default prior to such election) to exercise concurrently or successively, of any one or more of the rights set forth in Section B below if any of the following occur:
1. Tenant is in default in the payment of the Monthly Rent or other sums due under the Lease (default herein being defined as payment not received by the Landlord ten (10) or more days subsequent to the due date); or

2. Tenant has caused a lien to be filed against the Landlord’s property and said lien is not removed within thirty (30) days of recordation thereof; or

3. Tenant defaults in the observance or performance of any of the covenants and agreements required to be performed and observed by the Tenant under this lease for a period of thirty (30) days after notice from Landlord to Tenant in writing of such default (or if such default shall reasonably take more than thirty (30) days to cure, Tenant shall not have commenced the same within the thirty (30) days and diligently prosecuted the same to completion); or

4. Tenant vacates and abandons the Leased Premises.

B. Termination of Lease.

1. Landlord may terminate this Lease by giving Tenant notice of termination, in which event this Lease shall expire and terminate on the date specified in such notice of termination, with the same force and effect as though the date so specified were the date originally fixed as the termination date of the Lease. All rights of Tenant under this Lease and in the Leased Premises shall terminate, and Tenant shall remain liable for all obligations under this Lease arising up to the date of such termination. These obligations include, without limitation, the Monthly Rent and all other sums which would have been payable hereunder by Tenant as of the termination date. The Tenant shall surrender the Premises to the Landlord on the date specified in the notice; or

2. Without terminating the Lease the Landlord may declare immediately due and payable all Monthly Rent, and other amounts due and coming due under this Lease for the entire remaining term hereof, together with all other amounts previously due, at once; provided, however, that such payment shall not be deemed a penalty or liquidated damages but shall merely constitute payment in advance of rent for the remainder of the Lease.

3. The Landlord may pursue such other remedies as are available at law or equity. The Landlord’s pursuit of any remedy or remedies, shall not constitute an election of remedies or preclude pursuit of any other remedy or remedies provided in this Lease or serve as the basis for any claim of constructive eviction or allow Tenant to withhold any payments under this Lease.

Section 13. Holding Over. In the event that Tenant or anyone claiming under the Tenant shall continue occupancy of the Leased Premises after the expiration of the term of this Lease or any renewal or extension thereof without any agreement in writing between Landlord and Tenant, such occupancy shall not be deemed to extend or renew the term of the Lease. Such occupancy shall continue as a tenancy at will, from month to month.
month, upon the covenants, provisions and conditions herein contained. The Monthly Rental during this period shall be the Monthly Rental in effect during the term of this Lease as extended or renewed, prorated and payable for the period of such occupancy.

**Section 14. Disputes.** It is agreed that, if at any time a dispute shall arise as to any amount or sum of money to be paid by one party to the other under the provisions hereof, the party against whom the obligation to pay the money is asserted shall have the right to make payment “under protest” and such payment shall not be regarded as a voluntary payment. There shall survive the right on the part of such party to institute suit for the recovery of such sum.

**Section 15. Quiet Enjoyment.** The parties covenant and agree that the Tenant may peacefully and quietly enjoy the leased premises, subject, however, to the Tenant’s fulfillment of the covenants and agreements contained in this Lease.

**Section 16. Notices.** Any notice required to be given the Landlord shall be in writing and sent by certified mail, return receipt requested to the City of Edgewood, Attn: City Clerk, 2224 - 104th Avenue East, Edgewood, WA 98372.

Any notice required to be given the Tenant shall be in writing and sent by certified mail, return receipt requested, at the following address:

**Where and to whom does EPF&R want notice to be delivered?**

**Section 17. Waiver.** Failure of any party to complain of any act or omission on the part of the other party, no matter how long the same may continue, shall not be deemed to be a waiver by said party of any of its rights hereunder. No waiver by either party at any time, express or implied, of any breach of any provision of this Lease shall be deemed a waiver of a breach of any other provision of this Lease or a consent to any subsequent breach of the same or any other provision.

**Section 18. Force Majeure.** In the event that Landlord or Tenant shall be delayed or hindered in or prevented from the performance of any act other than Tenant’s obligation to make payments of rent, additional rent, and other charges required hereunder, by reason of strikes, lockouts, unavailability of materials, failure of power, riots, insurrections, the act, failure to act or default of the other party to perform for a reason beyond its control, shall be excused for the period of the delay and the period for the performance of such act shall be extended for a period equivalent to the period of such delay. Notwithstanding the foregoing, lack of funds shall not be deemed to be a cause beyond control of either party.

**Section 19. Assignment and Subletting.** Tenant shall not have the right to assign or sublet the Leased Premises, without the express written consent of the Landlord. The Landlord shall have the sole discretion to decide whether to grant such consent to any assignment or subletting.
Section 20. Amendments. This Lease may only be modified by a written amendment signed by the duly authorized representatives of the parties.

Section 21. Captions. The captions proceeding the paragraphs of this Lease are inserted only as a matter of convenience and for reference purposes, and in no way define, limit or describe the scope of this Lease or the intent of any provisions of this Lease.

Section 22. Entire Agreement. This Lease contains the entire and only agreement between the parties, and no oral statements or representations or prior written matter not contained in this Lease shall have any force and effect.

Section 23. Invalidity of Particular Provision. If any term or provision of this Lease or the application hereof to any person or circumstance shall, to any extent, be held invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and be enforced to the fullest extent permitted by law.

Section 24. Governing Law, Venue. All matters pertaining to this Lease, including its interpretation, application, validity, performance and breach, in whatever jurisdiction the action may be brought, shall be governed by, construed and enforced in accordance with the laws of the State of Washington. In the event that litigation results from or arises out of this Lease or the performance thereof, the parties agree to reimburse the prevailing party’s reasonable attorney’s fees, court costs and expert witness fees, in addition to any other relief to which the prevailing party may be entitled.

IN WITNESS WHEREOF, the parties hereto have signed and sealed this lease the day and year first above written.
