4. MAYOR’S REPORT

Mayor Eidinger spoke about the following:

- It has been a busy couple of weeks for myself and our staff. We completed our interviews for the maintenance tech position and were able to find a very good applicant. In total in the past week, we will have on-boarded four new employees. This will cover most of the work load that we currently see on the horizon. Looking forward to having the help as they settle in.
- I was involved in the oral board examinations for our potential sergeant position. Either of the two candidates were very well qualified. We are looking forward to Pat Burke filling that position and coming on board in July. We also met with the new Sheriff’s Contracting Team to discuss police services in our city.
- Sandi and I met with AT&T representatives to look into cell phones with priority band width for emergencies. We will be meeting with Verizon as well to fully understand the capacity of both systems.
- Connect over Coffee was again lightly attended, with only a few visitors who took the time to have conversation with us.
- Darren, Dave and I attended the RECON conference in Las Vegas. We made several good connections and were able to better understand what it takes to get retail to our city. We have follow up meetings with a couple promising prospects.

Public Works Director Metzler briefed on the following:

- Will be bringing forward information from the Parks and Recreation Advisory Board at next week’s Study Session regarding the park at 36th and Meridian. Noted he would speak to the public works crew regarding the debris in the right-of-way along 36th.

- Discussed the recent increase in property crime. Urged citizens to make a note of their property take photos, make lists, and keep that separate from the items.
