He stated if folks have not been by the project going on in the 9300 block of 24th they have added a walking path to connect that development to the school. He recently talked to some neighbors who are thankful for the path so they do not have to deal with dodging cars.

Thanks to all who participated at the Edgewood booth, and to the Edgewood events committee for the hours of planning that go into these events. He noted he would also like to thank the staff that worked on moving the stage and who staffed the booth as well, and even brought their families to be a part.
