COMPREHENSIVE PLAN AMENDMENT PROCESS FACT SHEET

- 1. Who may propose an amendment to the Comprehensive Plan?** Anyone may submit a text or map change amendment to the Comprehensive Plan using a Comprehensive Plan Amendment Request form. The form is available at the Community Development Department, or is available at the City's web site (www.ci.edgewood.wa.us).
- 2. When can a proposed amendment application be submitted to the City?** Amendment applications may be submitted at anytime. The amendment cycle is open between January 1st and December 31st. However, the application will not be processed until the January following the application.
- 3. How is an amendment application submitted?** The proposed amendment must be submitted in writing to the Community Development Department and must consist of at least:
 - a. References cited regarding the applicable section(s) of the Comprehensive Plan;
 - b. The proposed amendatory language and/or map change;
 - c. An explanation of why the amendment is being proposed; and
 - d. How the proposed amendment meets the each selection criteria.
- 4. Is there a fee?** A fee is charged if a proposed amendment seeks a change to the Official Land Use Map, or if a text amendment seeks a change to or affects a change to the Official Land Use Map. You will be contacted in January following your application submittal for requested payment of the fee, or your application will not be processed. The fee is reflected in the adopted fee schedule.
- 5. Once a proposed amendment is selected for review, what is the process?** Each amendment will undergo a written analysis prepared by City staff. This report is then provided to the Planning Commission for review and consideration.
- 6. What will happen when the amendment application is submitted?** In the January following your application submittal, staff prepares an analysis report of all applications. This report will then be provided to the Planning Commission.

In February, the Planning Commission will begin reviewing the staff analysis report, hold public hearings, and then resubmit the findings to staff. Staff will then begin the mandatory, 60-day State Environmental Policy Act (SEPA) review process to solicit comments from the public regarding any possible environmental impacts these amendments may have on the City or citizens.

In June, after receiving the environmental review comments, the Planning Commission's findings and report (with recommendations) are presented to the City Council.

The City Council will then conduct additional public hearings in June, and adopt the final selected amendments during the month of July. **The Council's decision to consider a proposed amendment does not constitute a decision on the amendment itself.**
