B. All invoices shall be paid by City warrant within thirty (30) days of receipt of a proper invoice. If the City objects to all or any portion of any invoice, it shall so notify the Consultant of the same within fifteen (15) days from the date of receipt and shall pay that portion of the invoice not in dispute, and the parties shall immediately make every effort to settle the disputed portion.

B. Even though the Consultant is an independent contractor with the authority to control and
direct the performance and details of the work authorized under this Agreement, the work must meet the
approval of the City and shall be subject to the City’s general right inspection to secure the satisfactory
completion thereof. The Consultant agrees to comply with all federal, state and municipal laws, rules and

accruing out of the performance of such operations.

Notice to Proceed.

D. Violation of this Paragraph 6 shall be a material breach of this Agreement and grounds
for cancellation, termination, or suspension of the Agreement by City, in whole or in part, and may result
in ineligibility for further work for City.

7. Relationship of Parties. The parties intend that an independent contractor-client relationship
will be created by this Agreement. As the Consultant is customarily engaged in an independently
established trade which encompasses the specific service provided to the City hereunder, no agent,
employee, representative or sub-consultant of the Consultant shall be or shall be deemed to be the
employee, agent, representative or sub-consultant of the City. In the performance of the work, the
Consultant is an independent contractor with the ability to control and direct the performance and details
of the work, the City being interested only in the results obtained under this Agreement. None of the
benefits provided by the City to its employees including, but not limited to, compensation, insurance, and
unemployment insurance are available from the City to the employees, agents, representatives or sub-
consultants of the Consultant. The Consultant will be solely and entirely responsible for its acts and for
the acts of its agents, employees, representatives and sub-consultants during the performance of this
Agreement. The City may, during the term of this Agreement, engage other independent contractors to
perform the same or similar work that the Consultant performs hereunder.

8. Suspension and Termination of Agreement

A. Termination without cause. This Agreement may be terminated by the City at any time
for public convenience, for the Consultant’s insolvency or bankruptcy, or the Consultant’s assignment for
the benefit of creditors.

B. Termination with cause. The Agreement may be terminated upon the default of the
Consultant.

C. Rights Upon Termination,
1. With or Without Cause. Upon termination for any reason, all finished or
unfinished documents, reports, or other material or work of Consultant pursuant to this
Agreement shall be submitted to City, and Consultant shall be entitled to just and equitable
compensation for any satisfactory work completed prior to the date of termination, not to exceed
the total compensation set forth herein. Consultant shall not be entitled to any reallocation of
cost, profit or overhead. Consultant shall not in any event be entitled to anticipated profit on work
not performed because of such termination. Consultant shall use its best efforts to minimize the
compensation payable under this Agreement in the event of such termination. Upon termination,
the City may take over the work and prosecute the same to completion, by contract or otherwise.
2. **Default.** If the Agreement is terminated for default, the Consultant shall not be entitled to receive any further payments under the Agreement until all work called for has been fully performed. Any extra cost or damage to the City resulting from such default(s) shall be deducted from any money due or coming due to the Consultant. The Consultant shall bear any extra expenses incurred by the City in completing the work, including all increased costs for completing the work, and all damage sustained, or which may be sustained by the City by reason of such default.

D. **Suspension.** The City may suspend this Agreement, at its sole discretion. Any reimbursement for expenses incurred due to the suspension shall be limited to the Consultant's reasonable expenses, and shall be subject to verification. The Consultant shall resume performance of services under this Agreement without delay when the suspension period ends.

E. **Notice of Termination or Suspension.** If delivered to the Consultant in person, termination shall be effective immediately upon the Consultant’s receipt of the City’s written notice or such date as stated in the City’s notice of termination, whichever is later. Notice of suspension shall be given to the Consultant in writing upon one week’s advance notice to Consultant. Such notice shall indicate the anticipated period of suspension. Notice may also be delivered to the Consultant at the address set forth in Section 15 herein.

9. **Standard of Care.** Consultant represents and warrants that it has the requisite training, skill and experience necessary to provide the services under this agreement and is appropriately accredited and licensed by all applicable agencies and governmental entities. Services provided by Consultant under this agreement will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing in similar circumstances.

10. **Ownership of Work Product.**

A. All data materials, reports, memoranda, and other documents developed under this Agreement whether finished or not shall become the property of City, shall be forwarded to City at its request and may be used by City as it sees fit. Upon termination of this agreement pursuant to paragraph 8 above, all finished or unfinished documents, reports, or other material or work of Consultant pursuant to this Agreement shall be submitted to City. City acknowledges that alteration of such material or work without the consent of Consultant, or use of such material for a purpose other than this project is at City’s own risk and without liability to Consultant.

B. All written information submitted by the City to the Consultant in connection with the services performed by the Consultant under this Agreement will be safeguarded by the Consultant to at least the same extent as the Consultant safeguards like information relating to its own business. If such information is publicly available or is already in Consultant’s possession or known to it, or is rightfully obtained by the Consultant from third parties, the Consultant shall bear no responsibility for its disclosure, inadvertent or otherwise.

11. **Work Performed at the Consultant’s Risk.** The Consultant shall take all precautions necessary and shall be responsible for the safety of its employees, agents and sub-consultants in the performance of the work hereunder, and shall utilize all protection necessary for that purpose. All work shall be done at the Consultant’s own risk, and the Consultant shall be responsible for any loss or damage to materials, tools, or other articles used or held by the Consultant for use in connection with the work.
12. **Indemnification.** The Consultant shall defend, indemnify and hold the City, its officers, officials, employees, agents and volunteers harmless from any and all claims, injuries, damages, losses or suits, including all legal costs and attorneys' fees, arising out of or in connection with the performance of this Agreement, except for injuries and damages caused by the sole negligence of the City. The City's inspection or acceptance of any of the Consultant's work when completed shall not be grounds to avoid any of these covenants of indemnification.

Should a court of competent jurisdiction determine that this Agreement is Subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Consultant and the City, its officers, officials, employees, agents and Volunteers, the Consultant's liability hereunder shall be only to the extent of the Consultant's negligence.

IT IS FURTHER SPECIFICALLY AND EXPRESSLY UNDERSTOOD THAT THE INDEMNIFICATION PROVIDED HEREIN CONSTITUTES THE CONSULTANT'S WAIVER OF IMMUNITY UNDER INDUSTRIAL INSURANCE, TITLE 51 RCW, SOLELY FOR THE PURPOSES OF THIS INDEMNIFICATION. THE PARTIES FURTHER ACKNOWLEDGE THAT THEY HAVE MUTUALLY NEGOTIATED THIS WAIVER. THE CONSULTANT'S WAIVER OF IMMUNITY UNDER THE PROVISIONS OF THIS SECTION DOES NOT INCLUDE, OR EXTEND TO, ANY CLAIMS BY THE CONSULTANT'S EMPLOYEES DIRECTLY AGAINST THE CONSULTANT.

SCOPE OF WORK

City of Edgewood
Critical Areas Ordinance Update

The City of Edgewood (City) is updating its Critical Areas Ordinance (CAO) in accordance with the requirements of the Growth Management Act. ESA will review best available science regarding the City’s critical areas and assist the City with revisions to Edgewood Municipal Code (EMC) Title 14. The work will be completed within three tasks as described in this scope of work.

Tasks for Critical Areas Ordinance

The scope of work to be conducted by ESA for the CAO update includes the following tasks:

Task 1 – Best Available Science Review and Gap Analysis

ESA will review existing conditions, current critical area regulations, regulatory agency requirements and guidelines, and relevant best available science. We will review applicable scientific information released since the City conducted its last CAO update. ESA will identify critical area regulations that may require revision to comply with the findings of the best available science review.

Associated Earth Science, Inc. (AESI), one of our team members, will review the current CAO regulations on Geologically Hazardous Areas. They will review the CAO in light of the current science/risk management literature and experience with other jurisdictions.

ESA and AESI will develop recommendations for revising the CAO based on our review of best available science, our experience with other critical areas ordinances, and recent agency guidelines. The options will be provided in the draft memorandum and the ESA team will discuss strengths, weaknesses, and tradeoffs of each option for revising the City’s CAO regulations. We will also participate in a phone conference with City staff to discuss concerns and identify areas in the code that may need improvement based on the City’s experience.

Deliverables:

- Draft Technical Memorandum that includes gap analysis matrix with code recommendations: April 14, 2017
- Final Technical Memorandum: Two weeks following receipt of comments from the City.

Task 2 – Critical Areas Inventory Data and Maps

ESA will review and update existing critical areas inventory mapping datasets where information has changed. These maps will be updated using existing publicly-available data sources from the City, Pierce
County, State of Washington (WDNR, WDFW and Ecology), and federal agencies. Critical areas inventory layers will be provided as an ESRI file geodatabase, including metadata (in FGDC format) detailing layer sources, attributes, and development methods. Critical areas inventory data will also be presented on Adobe PDF maps using a standard template approved by the City.

Deliverables:

- Draft critical areas inventory data layers and maps: April 28, 2017
- Final critical areas inventory data layers and maps: May 31, 2017

Assumptions:

- The City will provide ESA with the relevant GIS data sets in their possession and will assist ESA in acquiring other pertinent data sets as needed.
- ESA will rely on available critical areas inventory information from known, reliable sources; no fieldwork will be conducted and ESA is not responsible for independently vetting or verifying the accuracy of the information.

Task 3 – Updated Critical Areas Code

After City review and approval of the recommended code revisions developed in Task 1, ESA will propose revisions to the City’s current CAO regulations. AESI will provide proposed revisions to the geologic hazard areas regulations and ESA will incorporate. We will make revisions to the existing code as redline/strike-out so that the changes are clear to reviewers.

Deliverables:

- One draft red-lined version of the CAO (EMC Title 14): June 7, 2017
- One final draft version of revised CAO: June 30, 2017

General Assumptions

The following assumptions apply to all deliverables and interim work products listed in the tasks outlined above that require review or comment by City and/or other stakeholders;

- All deliverables will be provided in electronic format.
- A single (1) review cycle is assumed for all draft deliverables/ interim work reviewed by the City and associated parties, unless otherwise noted. We assume an internal review period of two weeks for draft documents.
- The City will be responsible for consolidating all comments into a single document for transmittal to ESA. The City will resolve discrepancies between various reviewers, prior to providing comments to ESA.
• This scope does not include public involvement or response to comments on regulations by state agencies or others.
