COUNCIL BUSINESS
Deputy City Clerk Valens read the following item into the record:
1. AB-0396, first reading and possible action on an ordinance of the City Council of the City of Edgewood, Washington, adopting an interim development regulation pursuant to RCW 35.63.220 and RCW 36.70A.390; extending the expiration date for previously approved short plats within the City; setting forth preliminary findings and conclusions; providing for severability; declaring an emergency; and establishing an effective date.

City Manager Bauer briefed the Council on the item and noted that this is an emergency ordinance and can be adopted in one reading. He noted that this ordinance requires a super majority of five Councilmembers. He provided an overview of this type of action and reviewed the conditions contained within the ordinance. He noted that this ordinance was initiated by an applicant whose short plat application is approaching expiration and that there are several other short plats that are nearing the same expiration situation. He noted that staff is recommending the adoption of the ordinance to allow an additional two years for applicants to accomplish and complete the short plat process. He discussed the fee and the amount of staff time required for review of the extension request that would be associated with the fee.
City Manager Bauer also noted that this ordinance could be adopted on the first reading, as it has been declared an emergency.

Discussion ensued.
