

Alternative Car Wash Fundraisers

Is your school, sports team, church, or group looking to raise money?

Here in the Pacific Northwest, community groups are moving away from car wash fundraisers in order to protect local streams, lakes, and Puget Sound. The soap, grime, and oils that come off cars harm aquatic life, including some of our favorite local animals like orcas and salmon. Instead, community groups are getting creative and successfully raising funds in new, fun ways. Here is a list to get you started!

Sell things!

Car wash tickets. Commercial car washes protect local creeks by capturing and treating their dirty wash water. Tickets can be purchased at a discounted rate from:

- Puget Sound Car Wash Association charity fundraiser program:
www.charitycarwash.org
- Brown Bear Car Wash also has a charity fundraiser program:

Sell local coupon books. Sell coupon books to support your program. Try selling the popular Chinook Book with coupons and discounts for local businesses:

Sell eco-friendly products. Many organizations allow donors to order products such as reusable bottles or bags with your charity's name on them online, so you won't have to purchase products in advance. Example partner: www.kotisdesign.com

Hold an auction. Ask local businesses to donate items for an auction. Also, consider including experiences with teachers or senior staff.

Hold a garage sale. Ask family and friends to donate items in good condition that they no longer want or use! Host a large garage sale and earn money for your organization!

Raise funds with a scrip program. Scrip programs allow participating merchants to contribute a percentage of donors' purchases to your organization. Donors sign up and shop for items they usually would with participating merchants, and merchants give back to your organization. Example partners include www.escrip.com and www.shopwithscrip.com

Collect things!

Partner with TerraCycle. TerraCycle pays schools for collected empty juice packs and wrappers which they will then turn into bags, pencil boxes, and other items to reduce the waste going to the landfill. <http://terracycle.net>
