RE: 2018 – North Infrastructure Project

CONSTRUCTION ACTIVITY NOTICE (Project Progress)

Activity Type: Curb and Concrete Replacement

Project Schedule for April 12 - 20, 2018

Location: Morris Lane – Warren Ct – Madison St (Morris to Warren) – Wedgewood Ct

Dear Resident,

The contractor has scheduled the following activity: **Please note that not all driveways will be affected. Only driveways which are adjacent to damaged curbs will be affected by this activity.**

1. **April 12 – 13:** Contractor will be removing some driveway aprons and damaged sections of curb. Temporary stone ramps will be installed at affected driveways to allow residents access after construction hours. Driveway access will be **prohibited beginning April 16th.**
2. **April 17 – 20:** Contractor will frame and pour all curbs and concrete driveway aprons. Once the driveway aprons and curbs are poured, the fresh concrete will need 3-5 days to cure and gain strength. Asphalt driveway aprons will be paved after the street has been resurfaced. ALL driveway access will be restored upon the completion of the curing process.

Residents with driveway curbs being replaced are encouraged to utilize side street parking (daily and overnight) to avoid conflicts with construction activity. Construction hours are from 7:00 AM to 5:00 PM.

Please contact the Village Engineering Department at 630-789-7029 or by email adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.
