New Updated Transportation Guidelines

Daily Transportation
Transportation is available for eligible residents who do not drive their own vehicles, or who cannot access a public transportation system to reach their desired destination. Those who do drive their own vehicles may use the system on a temporary basis if their vehicle is in for repairs or if they are experiencing a temporary disabling condition that prevents them from driving on their own. Service is curb to curb. Standing rides to the Center can be arranged for your convenience. Daily reservations are required by 12 noon of the preceding workday by contacting the Center (203)239-5432.

Medical Transportation
Only one medical ride may be scheduled per day. All reservations are on a first-come, first-served basis. Reservations can be made as early as three months prior to the medical appointment.

Every effort will be made to accommodate an individual's appointment. However, an alternative time and transportation service may be suggested in order to better serve all requests. Pickup times are approximate. Please be patient as traffic and number of riders may impact your pickup. Non-Emergency Medical appointments include transportation to North Haven, Hamden and on a very limited basis to New Haven.

Please note: there will be no medical transportation on the following days – July 3; September 7; October 12; November 11 and 26 and December 25. The Town is closed on these days as well as the Center.

Please note: All scheduled Grocery Shopping, Hairdressers, Errands and Mini Trips begin pickups at 9:00 a.m. Reservations for mini trips begin on the first day of the month. If scheduled trips are canceled for any reason, there will not be a make-up day during that week for transportation.

Activity dates, transportation and times are subject to change.

Scheduled and Mini Trips
For errand, grocery, grooming, and mini trips all riders must be on time, and ready for pick up beginning at 9:00 a.m. You must advise the driver if you are making other arrangements for your return trip. If you are not at your designated pick up point when driver arrives, there will be a ten-minute wait time. If you miss the bus it is your responsibility to obtain transportation home. Due to schedule restrictions under no circumstances will the driver return at a later time to pick you up on that day. If you drive on your own and would like to join us on mini trips, you must drive to the Center by 9:30 a.m. to participate in the trip, the driver will not pick you up at your home.

Tuesdays:
- Hairdressers, Barbers and Nail Salons

Wednesdays: (time frame for errands will be up to an hour for a single stop from time of drop off)
- Errands to include – pharmacies, bank, post office, card shop

Thursdays: (time frame for mini trips will be an hour and half from time of drop off)
- Mini Trips:
  - Thursday, July 16: Hamden Mart
  - Thursday, July 23: Wallingford Walmart
  - Thursday, July 30: Lunch out to Jimmies of Savin Rock

Fridays: (time frame for grocery shopping will be an hour and half from time of drop off)

Please Note: A staff member will contact you the day before to inform you of your pick up time when you have a scheduled medical appointment for the following day.
Top Scams Targeting Seniors

Financial scams targeting seniors have become so prevalent that they’re now considered “the crime of the 21st century.” Why? Because seniors are thought to have a significant amount of money sitting in their accounts. Financial scams often go unreported or can be difficult to prosecute so they’re considered a “low-risk” crime. However, they’re devastating to many older adults and can leave them in a very vulnerable position with little time to recoup their losses. It’s not just wealthy seniors who are targeted. Low-income older adults are also at risk of financial abuse.

The Grandparent Scam—Grandparent Scam is so simple and so devious because it uses one of older adults’ most reliable assets, their hearts. Scammers will place a call to an older person and when the mark picks up, they will say something along the lines of: “Hi Grandma, do you know who this is?” When the unsuspecting grandparent guesses the name of the grandchild the scammer most sounds like, the scammer has established a fake identity without having done a lick of background research. Once “in,” the fake grandchild will usually ask for money to solve some unexpected financial problem (overdue rent, payment for car repairs, etc.), to be paid via Western Union or MoneyGram, which don’t always require identification to collect. At the same time, the scam artist will beg the grandparent “please don’t tell my parents, they would kill me.” While the sums from such a scam are likely to be in the hundreds, the very fact that no research is needed makes this a scam that can be perpetrated over and over at very little cost to the scammer.

Counterfeit Prescription Drugs—Most commonly, counterfeit drug scams operate on the Internet, where seniors increasingly go to find better prices on specialized medications. This scam is growing in popularity—since 2000, the FDA has investigated an average of 20 such cases per year, up from five a year in the 1990s. The danger is that besides paying money for something that will not help a person’s medical condition, victims may purchase unsafe substances that can inflict even more harm. This scam can be as hard on the body as it is on the wallet.

Telemarketing—Perhaps the most common scheme is when scammers use fake telemarketing calls to prey on older people, who as a group make twice as many purchases over the phone than the national average. While the image of the lonely senior citizen with nobody to talk to may have something to do with this, it is far more likely that older people are more familiar with shopping over the phone, and therefore might not be fully aware of the risk. With no face-to-face interaction, and no paper trail, these scams are incredibly hard to trace. Also, once a successful deal has been made, the buyer’s name is then shared with similar schemers looking for easy targets, sometimes defrauding the same person repeatedly. Examples of telemarketing fraud include: “The Pigeon Drop” The con artist tells the individual that he/she has found a large sum of money and is willing to split it if the person will make a “good faith” payment by withdrawing funds from his/her bank account. Often, a second con artist is involved, posing as a lawyer, banker, or some other trustworthy stranger. In the “Fake Accident Ploy”, the con artist gets the victim to wire or send money on the pretext that the person’s child or another relative is in the hospital and needs the money. With “Charity Scams”, money is solicited for fake charities. This often occurs after natural disasters.

If you suspect that you’ve been the victim of a scam... Don’t be afraid or embarrassed to talk about it with someone you trust. You are not alone, and there are people who can help. Doing nothing could only make it worse. Keep handy the phone numbers and resources you can turn to, including the local police, your bank, and the senior center.
