Dear Friends,

The temperature is starting to rise, the days are getting longer, and it's time to check out the Department of Community Services and Recreation summer programs for you and your family to embrace the heat this season.

The Department continues to offer your favorite programs for you and your family to enjoy. You can beat the heat with swim lessons or fitness classes. Paying for 4 or more years of college can be a staggering task. Thankfully there is help available in the form of financial aid. But applying for financial aid is a complex process involving many important financial planning decisions. Parents and students, left to do the process on their own, will routinely make mistakes costing them thousands, even tens of thousands of dollars per year in reduced aid. Our mission is to ensure that every student will get every dollar to which they are entitled. Additionally, we assist families by designing the most effective ways possible to pay the portion of college costs not covered by financial aid.

Unified Sports is a program that combines approximately equal numbers of individuals with and without intellectual disabilities on the same sport team for training and competition. Unified Sports is an important program because it expands sports opportunities for athletes and volunteers wanting to seek new challenges. In addition, Unified Sports helps break down barriers that have historically kept people apart.

Teams are constructed in such a way as to provide training and competition opportunities that meaningfully challenge all athletes. These opportunities often lead to improved sports skills, higher self-esteem, equal status with peers and new friendships.

Basketball (September – November)

Softball (June – September)

Croquet (July – September)
