As a result, he contacted the MEDC. He was requested to resubmit the form. Lindsay stated none of the community’s he is working with have received permission; however, if you submit a project you will likely get permission to proceed. 6. **Request to Spend Program Income in Excess of $35,000:** Dan informed the Committee he contacted the MEDC about spending Program Income in the PY it is received instead of having to wait until the next July. The MEDC stated they had also been contacted by one other community about the same issue. It is something the MEDC is looking at. If implemented the following actions will have to occur:
a. All requests will have to be made in writing.
b. A community requesting permission to spend Program Income early will have to show it has exhausted all available Program Income.
c. The MEDC will need to develop instructions and forms.

7. Review of Program Guidelines: Since the last meeting Dan had sent the Program Guidelines to the MEDC for review and approval. The MEDC called to discuss changes to the Program Guidelines. (18-19) Motion by Jack Nehmer, supported by Ron Sikkema, to approve the Program Guidelines changes and forward to the MEDC for approval. Motion passed.
