Frontier Communications

FRONTIER SERVICES AGREEMENT

This Frontier Services Agreement ("FSA") is effective as of 04/12/2018 ("Effective Date"), by and between Frontier Communications of America, Inc. on behalf of itself and its affiliates which provide Equipment and Services identified in the Schedules ("Frontier"), and UPSSHUR COUNTY OF, whose primary address is 91 W. Main Street, Suite 101, Buckhannon, West Virginia, 26201 ("Customer").

This document incorporates the complete Frontier Services Agreement terms and conditions at http://www.Frontier.com/FSA as an integral part of the agreement (collectively, the "FSA").

Provision of Services and Equipment

Frontier will provide and the Customer agrees to pay for the communications, installation and maintenance services (collectively "Service"), and/or purchase or lease equipment ("Equipment"), described in this FSA and Schedules issued by Frontier and executed by Customer.

Customer acknowledges that certain Services may be governed by tariff or price schedule filed with the Federal Communications Commission and/or the state public utilities commission. In the event of any inconsistencies between this FSA and an applicable tariff, the tariff shall control except with respect to pricing, early termination charges or cancellation charges for which this FSA shall control.

Term

The term of this FSA will commence as of the date identified in the introductory paragraph above or the date the FSA is executed by both Parties, whichever is later (the "Effective Date") and will continue through the Service Term with respect to any Service or Equipment provided pursuant to this FSA. Customer will purchase the Services, or lease Equipment, identified in each Schedule for the period of time stated in the Schedule (the "Service Term"). If neither party provides the other with written notice of its intent to terminate a Service at least sixty (60) days prior to expiration, the Service Term of each Service will automatically renew for additional one-year periods, subject to the terms and conditions of this FSA and at the then applicable one-year rate, excluding promotional rates. If the parties agree to negotiate renewal terms, such terms will not be effective unless and until documented in writing and executed by both parties.

Payment

Customer shall pay all charges set forth in the Schedules and in applicable tariffs during the Service Term. Frontier will invoice Customer any non-recurring charges ("NRC"), monthly recurring charges ("MRC"), and usage based charges.

In addition to the applicable charges set forth in the tariffs and Schedules, Customer shall pay all applicable federal, state or local sales, use, privilege, gross receipts, utility, value added, excise or other taxes (excluding taxes based on Frontier's net income), or any charges in lieu thereof, and any applicable surcharges or fees, whether government mandated or Frontier initiated in the amounts applicable at the time of billing. Customer shall also be responsible for third party charges and penalties incurred as a result of Customer's use of the Services or Equipment.

Cancellation and Early Termination Charges

If Customer cancels any Service or Equipment prior to delivery of any Equipment or installation of the Service or Equipment, Customer shall pay a cancellation charge equal to the NRC and one (1) month of MRC for the Service, plus the total costs and expenditures of Frontier in connection with establishing the Service prior to Frontier's receipt of notice of cancellation, including but not limited to any Equipment restocking fees.

Following installation, Customer may terminate a Service or Equipment by providing at least thirty (30) days prior written notice to Frontier. All unpaid amounts shall be due upon termination of any Service identified in a Schedule for any reason. In addition, and unless otherwise specifically provided in the applicable Schedule, if any Service or Equipment is terminated by Customer for any reason other than breach by Frontier or by Frontier due to Customer's breach, then Customer shall pay Frontier a termination charge equal to the applicable MRC and all related taxes and surcharges multiplied by the number of months remaining in the Service Term. Partial months shall be prorated.

Customer agrees that Frontier's damages in the event of early termination will be difficult or impossible to ascertain, and that the charges identified in this FSA are intended to establish liquidated damages in the event of termination and are not intended as a penalty.

Dispute Resolution

Except as otherwise specifically provided in or permitted by this FSA, all disputes arising in connection with this FSA shall first be resolved through good faith negotiation. If, after negotiating in good faith for a period of ninety (90) calendar days, or any agreed further period, the parties are unable to resolve the dispute, then each party may seek resolution by exercising any rights or remedies available at law or in equity. Customer and Frontier agree that each may only bring claims against the other in an individual capacity and not as a plaintiff or class member in any purported class, representative, or private attorney general proceeding.

Authorization and Entire Agreement

Each party represents that the person executing this FSA is authorized to enter into this FSA on its behalf. This FSA, the terms and conditions, including the limitation of liability, warranty, indemnification, breach and other terms and conditions, at http://www.Frontier.com/FSA and any Schedules executed by the parties constitute the entire agreement between the parties pertaining to the subject matter herein and supersedes all prior oral and written proposals, correspondence and memoranda with respect thereto. This FSA may not be modified, amended or supplemented except by written agreement signed by an authorized representative of each party.

1. **Service Description:**

Ethernet Virtual Private Line is a data service providing point-to-point or point-to-multipoint Ethernet connections between a pair of User Network Interfaces (UNIs). EVPL is a carrier grade data networking service featuring Quality of Service (QoS) and the following progressively higher Class of Service (CoS) levels: Silver Service (Standard Data (SD) Service), Gold Service (Priority Data), or Platinum Service (Real Time). EVPL will be designed, provisioned and implemented according to standard switched Ethernet components consisting of service multiplexed capability over UNIs, Network to Network Interfaces (NNIs) where available and Ethernet Virtual Connections (EVCs) through the use of Virtual Local Area Networks (VLANs) in order to secure traffic separation, privacy and security between Customer's Service Locations over Frontier’s shared switch and backbone infrastructure. Ethernet Virtual Private Line will accept and carry untagged and or tagged traffic as described per IEEE 802.1Q networking standards specific to Frontier's Ordering Guidelines for this Service, available at
2. Obligations of Customer. Customer shall properly use any equipment or software, and all pass codes, personal identification numbers ("PINs") or other access capability obtained from Frontier or any Frontier vendor or of Frontier and shall surrender the equipment and software in good working order to Frontier at a place specified by Frontier and terminate all use of any access capability upon termination or expiration of this Schedule. Customer shall be responsible for all uses of PINs, pass codes or other access capability during or after the term hereof. Customer agrees that the Equipment and Service provided by Frontier hereunder are subject to the terms, conditions and restrictions contained in any applicable agreements (including software or other intellectual property license agreements) between Frontier and Frontier's vendors. Customer is responsible to ensure appropriate processes and protocols are in place for rate shaping to the amount of throughput ordered. Customer acknowledges that failure to comply with this responsibility may negatively impact Service performance.

3. Equipment or Software Not Provided by Frontier. Upon notice from Frontier that the facilities, services, equipment or software not provided or approved by Frontier is causing or is likely to cause hazard, interference or service obstructions, Customer shall immediately cease the likelihood of hazard, interference or service obstructions. If Customer requests Frontier to troubleshoot difficulties caused by the equipment or software not provided by Frontier, and Frontier agrees to do so, Customer shall pay Frontier at its then current rates.

4. Internet Acceptable Use Policy and Security. For Customers ordering Internet integration into the network initially or during the Service Term, Customer shall comply, and a Frontier or any Frontier Vendor of Frontier agrees to comply, with Frontier’s Acceptable Use Policy ("AUP"). The current AUP is available for review at the following address, subject to change: http://www.frontier.com/policies/commercial_aup/. Customer is responsible for maintaining awareness of the current AUP and adhering to the AUP as it may be amended from time to time. Failure to comply with the AUP is grounds for immediate suspension or termination of Frontier Internet Service, notwithstanding any notice requirement provisions of the FSA. Customer is responsible for the security of its own networks, equipment, hardware, software and software applications. Abuse that occurs as a result of Customer's systems or account being compromised or as a result of activities of third parties permitted by Customer may result in suspension of Customer's accounts or internet access by Frontier. Customer will defend and indemnify Frontier and its affiliates with respect to claims arising from Customer's or third parties' usage of Frontier internet access through Customer's hardware or software.

This Schedule is not effective and pricing, dates and terms are subject to change until signed by both parties, and may not be effective until approved by the FCC and/or applicable State Commission. This Schedule and any of the provisions hereof may not be modified in any manner except by mutual written agreement. The above rates do not include any taxes, fees or surcharges applicable to the Service. This Schedule, and all terms and conditions of the FSA, is the entire agreement between the parties with respect to the Services described herein, and supersedes any and all prior or contemporaneous agreements, representations, statements, negotiations, and undertakings written or oral with respect to the subject matter hereof.

Upshur County Commission
Upshur County Administrative Annex
91 West Main Street, Suite 101
Buckhannon, WV 26201

Dear Commissioners,

The Buckhannon Dog Park would like your help to take the next step in developing the off-leash dog park in Buckhannon. Our goal is to raise $25,000 to establish a fully developed site that will include a fenced off-leash dog area (the fence has been installed), agility course, trails and off-street parking.

We are hoping to host a “Drool in the Pool” fundraising event that is similar to the event held in Williamsburg, VA. If you would allow the Dog Park committee to utilize the pool for the last four hours of the season, we would invite vendors and visitors. For a donation, pets and their humans would be able to enjoy the pool, listen to music, and celebrate the end of the Dog Days of Summer.

Enclosed you will find a list of items still needed for the park.

Thank you for your consideration and support. If you have any questions, please contact me at telephone #304-997-5110 or via email at BuckhannonDogPark@hotmail.com.

Sincerely yours,

Maria Bray

3/29/18    Spoke with Tim Key (NWHD). All logging jobs are having problems with the wet weather. They plan to wait out the weather rather than try to move Theo someplace else where he will have the same problems.

4/05/18    Cutting and setting out of logs is happening on top of ridge. After repair of skidder is complete, Theo will skid what he can to the landing.

4/11/18    Landing is stacked deep with logs and pulpwood. Dry weather has allowed Theo to focus on bringing logs into the landing and he has stacked logs as high as practical. NWHD @ Hacker Valley is nearly out of logs. They are tentatively planning on shutting down Thursday & Friday so they can set up for a full run all of next week.

4/20/18    After a very wet week, Theo and crew have begun to cut and set out logs along the lower road from the creek out. It is too wet and muddy to skid logs into the landing. The cut and set out operation is proceeding smoothly with no apparent problems. Johnathan and Michael visited on the landing. Developing issue is the chunk pile. Theo is waiting for NWHD to send a dump truck out to haul away chunks. Theo would be more than happy to give woody chunks away if people can pay the truck cost.
In Re: The Estate Nathaniel Wayne Becker, deceased

ORDER FOLLOWING APRIL 26, 2018 HEARING

Based upon the Upshur County Commission ruling, it is hereby ORDERED that:

1. Jason L. Dixon shall immediately tender an original Second Annual Settlement to the Fiduciary Commissioner.

2. When the estate is in the posture to do so, Jason L. Dixon shall promptly tender an original Final Settlement with supporting documentation to the Fiduciary Commissioner.

3. When the estate is in the posture to do so Jason L. Dixon shall promptly tender the Fiduciary Commissioner fees for the First Annual Settlement, Fiduciary Commissioner fees for the Second Annual Settlement, Fiduciary Commissioner fees for the Final Settlement, First Annual Settlement filing fees, Second Annual Settlement filing fees, and Final Settlement filing fees to the Fiduciary Commissioner.

4. Jason L. Dixon is not removed as Administrator of the Estate of Nathaniel Wayne Becker, deceased.

5. The Clerk of the Upshur County Commission is directed to send a copy of this Order to all parties of interest.

Quarterly Summary:

A redevelopment committee meeting was held on January 9, 2018, at which time project updates, meeting times and group goals were discussed. Discussion was held regarding the need to advertise for an environmental consultant and a draft Request for Qualifications was reviewed and discussed. The project timeline was reviewed and amended slightly with most changes taking place between the months of January and September with regards to the advertising and hiring of a consultant, applying to be included in the Voluntary Remediation Program and the selection of a contractor. Specific ideas for a redevelopment plan were discussed and it was agreed that an archery range is still the best option for this site. The construction of a pavilion that could be used as shelter for the participants was discussed and grant funding may be sought for this after the clean-up project has been completed.

Another committee meeting was held via telephone conference on February 22, 2018, to quickly touch base about the RFQ. Ideally, the contract with the Environmental Consultant would begin on March 12, 2018.
The Upshur County Commission reviewed and approved a “Request for Qualifications” for Environmental Consultant Services necessary for the completion of the project during their regularly scheduled Commission Meeting held on January 18, 2018. The deadline for sealed Proposals was set for February 28, 2018. The RFQ was advertised as a Class II legal advertisement in the Record Delta on January 22nd and January 29th and in the Charleston Gazette on January 24th and January 31st. In addition to publishing in the newspapers, the RFQ was sent to several firms who reached out either to myself or Anna Withrow, posted on the Upshur County Commission website, posted on the bulletin board at the Courthouse Annex and Administrative Annex, and also published on the Brownfield Listings site. Eight proposals were received before the deadline and were publicly opened, reviewed and read aloud by the Upshur County Commission at 9:05 a.m. on Thursday, March 1, 2018. The Commission moved to form a Review Committee to review the proposals in depth, select the top three firms, conduct interviews and then make a recommendation of who should be retained.

The Committee reviewed each proposal and individually ranked them using a point system. After meeting on March 8, 2018, the Committee compiled their rankings and chose three firms to interview based upon the highest cumulative scores. Interviews were conducted on March 19, 2018 and the Committee unanimously voted to recommend Environmental Standards. It was noted that Environmental Standards offers a very experienced staff and will assist with completing the project in a timely and efficient manner.

During the regularly scheduled Commission Meeting held on March 21, 2018, the Review Committee recommended for the Commission to enter into an Agreement with Environment Standards. The Commission moved and approved entering into an Agreement with the firm. The proposed fee for the environmental consulting services is estimated at $42,900, which includes a 10% contingency.

Lydia Work, Lead Representative on behalf of Environmental Standards, has commenced drafting the DEP Voluntary Remediation Program Application and a pre-application site visit with WVDEP staff took place on April 19, 2018.

Outputs and Outcomes:
1. Project updates were provided during Committee meetings.
2. Project timeline was compiled and revised.
3. Published Request for Qualifications for Environmental Consultant Services.
4. Retained an Environmental Consulting Firm and Licensed Remediation Specialist.
5. Draft site plan prepared by Amanda Hamilton, design assistant for the NBAC.
6. Quarterly progress report completed and in the process of being submitted.

Monthly Board Meeting

Present from Adrian PSD were: Paul Spencer, Philip Petrosky, Eric Brunn and Nina Monroe. Visitors (see attached sign in sheet)

All motions are unanimous unless otherwise noted.

The meeting was called to order at 10:00 am by Chairman Spencer.

Minutes of the February 08, 2018 meeting were read. Motion to accept as read was made by Phil, second by Paul.

Invoices were presented – Motion to pay was made by Phil, second by Paul.

Old Business
- Phase VII – No activity
- Phase VIII – Nothing new to report
- Pickens Extension – 59 people have signed up and paid tap fee
- Buckhannon Water Board meeting – Nina and Lindsey attended the meeting on Feb 8th. They are considering our request for an increase in our purchase agreement. Their concern is that we are already using above our agreed amount and we need to get our water loss under control.
- Tyvonne Gibson delivered maps of areas where the Adrian VFD would like to have additional hydrants.
- Policies – After determining that the other PSD’s are not interested in having identical policies we will again look at the City of Buckhannon guidelines. Motion to adopt the following policies (attached) was made by Phil and second by Paul.
  - Application for Utility Service Policy
  - Rental Property Service Policy
  - Leak Adjustment Policy

New Business
- There was no new business

Maintenance – Eric
- Repaired leak on Frenchton Road
- Ordered starter motor coil for Beechtown PS
- Replaced phase protector at Alton PS
- Replaced PRV in Selbyville
- Replaced PRV in Wilsontown
- Replaced check valve at Horseshoe Bend

Advisory Board Minutes
March 28, 2018

The March 28, 2018 meeting of the James W. Curry Library/Park Advisory Board was called to order by President Mike Quinn at @ 10:00 am.

Introduction and Welcome to Patricia Tolliver, new board member

Roll Call: Present – Mike Quinn, Al Lake, Erv Lake, Lewis Simmons, Lori Ulderich-Harvey, Patricia Tolliver, Carrie Wallace

Absent: None

Guests: Nate Kennedy via telephone

Staff: Jonathan Freeman, Darlene Gregory, Judith Williams

Minutes: Minutes of the October 25, 2017 Advisory Board Meeting were approved; motion by Lori, seconded by Al; motion passed.

Public Comment Period:

There were no public comments.

Staff Reports:

Park: No major changes; weather has been prohibiting. Library: Lego board has been constructed (4 hours), rebuilt filing cabinet, legs on table, new heating element in popcorn machine and new sign posts for story-walk. Park: All equipment has been serviced, welding on small tractor and wheel on large, 1,100 lbs. of salt. Potential Summer Projects: Jonathan has gathered materials for new roof on the outbuilding. He is interested in extending the fence in front of the playground; half of the materials are on hand and the other half would need to be purchased.

Library: Reporting period is from end of February; slow month, held own through the winter. February was slower than the rest as we have lost some families due to relocation. One frequent family is having car trouble; circulation is down as a result. Cataloging has been a focus during down times.

Grants – received $2,000 of the $5,000 request for coding from Dominion Energy/ACP. The award isn’t enough to complete the program. Mike Cozad is looking into the possibility of a hardware donation. A Dollar General grant was submitted for $2,500 to make up the difference. Announcements will be made sometime in May; unsure of funds.
Summer Reading Program: Judith was contacted by Pam Hissam, Rock Cave Title 1 Teacher, who is interested in coordinating their efforts for the summer. Rock Cave Elementary will focus on Math, Science and Writing. The Library will focus on Reading, Art and Music. Attendance will be kept and counted for Summer Reading challenge. Judith is hopeful the collaboration will continue into the future.

Fundraising: Both Raffles are ready! Tickets are available for purchase or sale. Community members have already picked up tickets to sell. The quilt was made in house by the children who attend the programs.

Lego Board $1 each or 6 for $5

Quilt $1 each of 6 for $5

Disbursement from World Vision on April 12th: incentives for Summer Reading drawings, office supplies, paper towel holders

Reviewed Upcoming Events and reiterated the need for volunteers at all events.

Old Business

There was no old business to report.

New Business:

**ACP usage of campgrounds:** really strong maybe; no firm commitment has been given.
Jonathan and Judith met with Mike Cozad twice. A tour was given of Library and Campground and brochures were provided for distribution. Water access and waste removal were discussed. We can buy a water tank. Contractor is willing to come up and dump each individual camper for $40 per camper; price is negotiable depending on the number of trips. Holding tanks run from 30-50 gallons. Some would have to be pumped once per week, some two.

Increasing rates to cover expenses were discussed.

Wi-fi availability concerns: Checked with GST – wi-fi reaches to the front of the campground. We need a booster to reach into the campground; however, streaming in the campground would have a negative effect on the Library’s service. First person on would be ok, next 10 very slow, remainder wouldn’t be usable. We simply don’t have the infrastructure to support that kind of wi-fi use. Option for ACP: Frontier can install a tower with booster and bill ACP/Dominion directly. ACP will experience this issue across the length of the pipeline, especially in WV.
Electric upgrades: We only have 3 sites that run off 50 amp. Jonathan can easily add 2 more 50 amp sites. 30 amp sites can't be upgrade without total re-wiring. Mike Cozad would like ACP contractors/employees to be adjacent to one another within the campground. There are 10 sites available that won't force anyone to be moved. All agreed that there will be issues and obstacles to solve. On motion by Al, seconded by Erv the board moved to hold off on any upgrades until we have a firmer commitment from Dominion/ACP; motion passed. The Board thanked Jonathan and Judith for their efforts.

Change in copy prices: We currently charge .05 per side for both color and black and white which is extremely low. We might have been breaking even, but the price on toner and paper is increasing! We are charged .06 for color copies on our contract, not counting the paper. Paper costs .013885 per sheet; labor excluded. All agreed that it was better to have a small increase now rather than large later. On motion by Carrie, seconded by Erv, the Board voted to increase prices to the following: $0.10 for black and white, $0.25 for color starting July with notice given immediately; all in favor.

4-wheeler encroachments: Mike reported side-by-side traffic on the gas well access road. There is a gate there that could be closed and posted. Jonathan will block the road/close the gate and post a sign (Foot Traffic Only). Mike or Jonathan will talk with Ford and let him know we don’t want individuals using it.

Timber: No updates since the Timber Sale Contract Administrative Notes which are included in the agenda packet. Wet conditions may stall progress. Jonathan inspected the Davis Road and reported that it looks great; all hay bales are in place.

2017 Trust Review – The last report is on file and available for inspection. Carrie will have revenue estimates ready for next month and will share with Jonathan/Judith ASAP.

Fulton Financial’s response to the Commissions letter requesting additional funding was reviewed. As a reminder, the Commission agreed to hold off on any additional requests until they can review 2018 performance.

FY 19 Budget: A draft will be available for review/approval next month. Final budget will be submitted to the Commission after Advisory Board approval.

Raises: The County approved 3% or minimum $1,040 raise for all employees for the County, including the Curry staff.

Fund Raising Committee: Lori, Carrie and Judith will participate. Others are encouraged to participate; spouses, community members, etc. are invited. Meeting times will be 11:30 am
following regular Advisory Board meetings. The possibility of creating a “Friends of the Library” 501-c-3 in order to be eligible for additional grants was discussed.

With no further business, the meeting adjourned at 11:10 am.
