IRS issues standard mileage rates for 2019

IR-2018-251, December 14, 2018

WASHINGTON — The Internal Revenue Service today issued the 2019 optional standard mileage rates used to calculate the deductible costs of operating an automobile for business, charitable, medical or moving purposes.

Beginning on Jan. 1, 2019, the standard mileage rates for the use of a car (also vans, pickups or panel trucks) will be:

- 58 cents per mile driven for business use, up 3.5 cents from the rate for 2018,

- 20 cents per mile driven for medical or moving purposes, up 2 cents from the rate for 2018, and

- 14 cents per mile driven in service of charitable organizations.

The business mileage rate increased 3.5 cents for business travel driven and 2 cents for medical and certain moving expense from the rates for 2018. The charitable rate is set by statute and remains unchanged.

It is important to note that under the Tax Cuts and Jobs Act, taxpayers cannot claim a miscellaneous itemized deduction for unreimbursed employee travel expenses. Taxpayers also cannot claim a deduction for moving expenses, except members of the Armed Forces on active duty moving under orders to a permanent change of station. For more details see Notice-2019-02.

The standard mileage rate for business use is based on an annual study of the fixed and variable costs of operating an automobile. The rate for medical and moving purposes is based on the variable costs.

Taxpayers always have the option of calculating the actual costs of using their vehicle rather than using the standard mileage rates.

A taxpayer may not use the business standard mileage rate for a vehicle after using any depreciation method under the Modified Accelerated Cost Recovery System (MACRS) or after claiming a Section 179 deduction for that vehicle. In addition, the business standard mileage rate cannot be used for more than four vehicles used simultaneously. These and other limitations are described in section 4.05 of Rev. Proc. 2010-51.
Notice 2019-02, posted today on IRS.gov, contains the standard mileage rates, the amount a taxpayer must use in calculating reductions to basis for depreciation taken under the business standard mileage rate, and the maximum standard automobile cost that a taxpayer may use in computing the allowance under a fixed and variable rate plan.

West Virginia Code § 11-1C-8, as amended in 1998, authorizes the assessor to receive up to 2% of the previous year’s projected tax collections. This money is to be used for the purpose of maintaining current valuations and performing periodic reevaluation of property.

In order to receive these funds, the assessor is required to prepare a budget detailing the proposed use of the money and submit the budget to the Property Valuation Training and Procedures Commission (PVC) by December 15th of each year. In addition, West Virginia Code § 11-1C-8 requires that a copy of the projected budget and justification is to be sent to the county commission, board of education, and all municipalities in the county. The PVC has directed the Property Tax Division to provide each entity with a copy of their assessor’s proposed budget and justification. Neither the Property Tax Division nor the State Auditor’s Office has reviewed the enclosed budget request. The levying body may present written evidence showing that a lesser amount than the amount requested by the assessor would be adequate. Written evidence to this effect should be submitted to the Property Tax Division on or before January 15, 2019. This information may be faxed to our office at 304-558-1843.

The PVC will meet after January 15, 2019 (date not yet determined) to review the Proposed Budget Document. Prior to February 1, 2019, the PVC must approve a percent that the assessor will receive from your property tax levies for the upcoming fiscal year.

After the PVC has approved a percent for each county assessor, the percent will be certified to the State Auditor’s Office. Each county sheriff and levying body will be notified of the amount due from his or her property tax levies for the 2019-2020 Fiscal Year. The percent so certified should be used to calculate the property tax levy rate and to complete the levy page of the entity’s budget.

If you have any questions or need clarification regarding the enclosed budget request, you may contact your county assessor or me at 304-558-0792.

Sincerely,

JUSTIFICATION

The following information MUST be included in your justification:
1. A detailed explanation justifying your need for the percent requested.
2. A detailed explanation of your carryover from last year (if any).

The funds requested are for data collection and reappraisal of all residential and commercial properties for the 2019-2020 tax year. We will collect data in 2 districts (Buckhannon & Washington) as well as new construction and building permit inspection in the remaining 5 districts. I will be using these funds for salaries, insurance, contractual services, M&R of equipment as well as vehicle maintenance. I have a contract with Global Science for multiple applications. I also have contracts with ESRI, Blue Mountain (aerials), and Atlas Geographical Database for mapping purposes. Professional services include Jerry Knight Consulting. I plan on purchasing 2 new PC’s along with 4 monitors. I will also be purchasing 2 LED screens for public kiosks in our map room. As in the past, I will work with Upshur County Commission and E911 to purchase new aerial imagery. Amount to be set aside for FY2019-2020 of $25,000 is to purchase office furniture, and interior remodel. Some of the funds being set aside are for potential IAS World conversion. The local contribution for IAS World, if any, is still unknown at this point. If additional information is needed, please contact me @ 304-472-4650 or dwzickefoose@upshurcounty.org

Meeting with City of Buckhannon

Present from Adrian PSD were: Paul Spencer, Kelly Arnold, Trey Hornor, Elijah Meyer and Nina Monroe. Don Killingsworth and Lindsey Woody were unable to attend. Present from Buckhannon were: Jay Hollen and Kelly Arnold. Jerry Arnold was unable to attend.

The meeting took place at Buckhannon City Council Chamber at 1:30 PM.

The purpose of the meeting was to discuss the **Water Distribution System Upgrade**. The pump station at Stony Run was designed to run eight hours per day. They are currently running fourteen hours and upward.

Jay Hollen showed a large drawing of the proposed Distribution Line beginning at the Stony Run pump station and ending at our master meter. Jay agreed with Trey that this will be just a service line and will not include hydrants, meters and line connections other than the connections at the pump station, the tank and the metering point.

If in future the City wishes to utilize the line for their customers or to install hydrants, they will do so at their expense.

The city of Buckhannon is planning to upgrade the pump station, which will serve this line, to 11,050 gpm. Placing the new pumps into service will have to be in conjunction with construction of the new line because the current line will not withstand the pressure.

Trey and Eli will design the line to be added in to the Adrian PSD funding Application. If the Adrian PSD Board is agreeable to the addition, we will meet with the City of Buckhannon Water Board to revise the **Water Purchase Agreement**.
