Grant Application Information
The West Virginia Division of Justice and Community Services and the West Virginia Supreme Court of Appeals are announcing the availability of FY 2019 Court Security Grant Funds.

The West Virginia Court Security Fund makes State grant funds available to county court facilities for the purposes of enhancing the security of such courts.

The Court Security Board was established to review and approve county court security plans for all court facilities. Upon approval of a county's court security plan, the Board will award funds to purchase equipment or make other expenditures in accordance with the approved security plan.

Personnel and training is not an allowable expense.

Applications must address the most recent Court Security Audit performed by the WV Supreme Court of Appeals.

Priority will be given to those applicants requesting duress alarms; items used for the purposes of securing courthouse access and surveillance cameras.

Applications for this program must be postmarked by no later than Wednesday April 3, 2019. Faxed applications will not be accepted.

NOTE: This funding is for Court Security only. Requests for items for other areas (Day Report Centers/Offices, Domestic Violence Centers/Offices, etc.) will not be considered for funding.

RE: Public Employees Retirement System (PERS) Contribution Rate Change

Dear Participating Employer of the Public Employees Retirement System (PERS):

This correspondence is to confirm the Board of Trustees of the WV Consolidated Public Retirement Board (Board) reviewed and accepted the 2018 PERS actuarial valuation results at the January 23, 2019 Board meeting and voted to not change the PERS employer contribution rate for fiscal year 2020. Therefore, the employer contribution for PERS Tier I and Tier II members will remain at 10.0% effective July 1, 2019.

Pursuant to the provisions of WV Code §5-10-31, it is the responsibility of the Board to determine the amount of employer contributions to be paid into the PERS Employers Accumulation Fund. The employer contribution rate is based upon the annual actuarial valuation of the assets and liabilities and is subject to be reset annually. As you may recall from past correspondence and publications, the Board has adopted asset smoothing as the actuarial asset valuation method for PERS. The asset smoothing method allows the annual investment gains and losses for PERS to be spread over a period of four years.

The employer contribution rate changes are necessary to provide for the continued actuarial soundness of PERS, ensuring funding for the normal cost of expected benefits and unfunded liabilities throughout the amortization period established for the plan. Specifically, the valuation results for Fiscal Year 2018 revealed that expected contributions and investment returns will be sufficient to cover the expected annual cost and related liabilities of PERS. All future employer contribution rates are subject to the annual actuarial valuation results.

Please take note that the employer contribution rate will remain 10.0% effective on any Pay Period End Date beginning on or after July 1, 2019 for both Tier I and Tier II members and should be used in your budgetary considerations for Fiscal Year 2020.

If you should have any questions or need any additional information, please do not hesitate to contact our Employer Reporting staff at (304) 558-1395.

Sincerely,
Jeffrey E. Fleck
Executive Director
