Next Regular Meeting of the Upshur County Commission
November 21, 2019 --- 9:00 a.m.
Upshur County Courthouse Annex

*The regularly scheduled Commission Meeting on Thursday, November 28, 2019 has been CANCELLED*
The American Cancer Society sponsors the Great American Smokeout on the third Thursday of November (November 21, 2019) each year, challenging smokers to give up cigarettes for 24 hours. If you or a loved one smokes cigarettes, consider joining the movement, and take the first step toward quitting cigarettes forever!

In our state, a pack of cigarettes costs approximately $5.77, so if you multiply that one pack a day, the monthly cost is $173. To take that to a yearly cost, it is $2,077. If you quit, you could take your family on a week-long vacation or afford a monthly utility payment. Even if you only quit for four months, you could purchase a laptop/tablet and internet service.

In West Virginia in 2017, 26.0% of adults smoked. Nationally, the rate was 17.1%. In 2017, 14.4% of high school students in West Virginia smoked cigarettes on at least one day in the past 30 days. Nationally, the rate was 8.8%.

Vaping (which is the use of any e-cigarette) use is becoming an epidemic in our area. In general, high school and middle school youth experienced a stunning 900% increase in e-cigarette use between 2011-2015. In 2018, 3.6 million young people in the US use e-cigarette products, which represents one in five high school students and one in 20 middle school students in the country.

Studies show that second and thirdhand smoke also poses health risks. Secondhand smoke can increase lung cancer by 20 – 30%. Smoke from the end of a cigarette has a higher concentration of the cancer-causing chemicals than the smoke exhaled by a smoker. The US EPA says secondhand smoke is among the most dangerous substances known to cause cancer. Thirdhand smoke refers to the toxins from cigarette smoke that stick to soft surfaces. Thirdhand smoke not only affects adults but also babies, children, and even pets.

NOW, THEREFORE, BE IT PROCLAIMED that the Upshur County Commission hereby recognizes and supports the American Cancer Society’s GREAT AMERICAN SMOKEOUT on November 21, 2019, in Upshur County and encourages all citizens who smoke, use chew or dip tobacco, vape, or any other devices to ingest nicotine to demonstrate to themselves and to their children that they can quit by joining the American Cancer Society’s Great American Smokeout.

UPSHUR COUNTY COMMISSION
CAROL SMITH
91 WEST MAIN STREET
SUITE 101
BUCKHANNON, WV 26201

Dear Participating Employer of the Public Employees Retirement System (PERS):

Pursuant to the provisions of WV Code §5-10-31, it is the responsibility of the Board of Trustees of the WV Consolidated Public Retirement Board (Board) to determine the amount of employer contributions to be paid into the PERS Employers Accumulation Fund. The employer contribution rate is based upon the annual actuarial valuation of the assets and liabilities and is subject to be reset annually.

In order to assist with your budgeting process, we are providing a preliminary estimate of the employer contribution rate. This estimate is the same as we have provided the State Budget office for their budget planning. After initial information has been reviewed, it has been determined by our actuary that the estimated employer contribution percentage will not change from 10.0% and will remain at 10.0% effective July 1, 2020. Please use this preliminary information for your budgetary considerations for Fiscal Year 2021.

The employer contribution rate changes are necessary to provide for the continued actuarial soundness of PERS, ensuring funding for the normal cost of expected benefits and unfunded liabilities throughout the amortization period established for the plan. It is important to note that all future employer contribution rates are subject to the annual actuarial valuation results.

Again, this is a preliminary estimate provided to you in order to assist with budgeting. Once the official contribution rate is determined, you will receive a letter informing you of the definitive amount. If you should have any questions or need any additional information, please do not hesitate to contact our Employer Reporting staff at (304) 558-3570.

Sincerely,

Jeffrey E. Fleck,
Executive Director

Board of Directors’ Regular Meeting  
October 1, 2019

PHASE III EXTENSION PROJECT
Carey Wagner brought the Board members up to date on the progress of our Phase III Extension. We are still dealing with the same hold up that has been discussed for the last couple of months, and that is the 100% of land acquisitions and 100% of the easements. We have five outstanding easements that will have to be appraised for right of entry through condemnation. As for the land acquisitions, the deeds have been prepared and just need to be executed, hopefully very quickly. All information has now been provided to the appraiser and hopefully we can get the appraisals to the lawyer in the next week or so.

MAINTENANCE
Dave Wamsley, System Operator, discussed the September Maintenance Report which he had prepared for the meeting. Dave explained to the Board that the meter reading for September went much better than the August due to him being more familiar with where the meters are located. Water loss was down but still needs to be monitored due to still being too high. Fall/winter prep was discussed briefly and when to start with all the warm weather we are having.
