Re: FY 2021 Funding Request

Dear Commissioners:

On behalf of the Robert C. Byrd Corridor H Highway Authority I would like to thank you for graciously allocating Five Thousand Dollars ($5,000.00) to us for FY 2020! Your contribution helped make 2019 a historic year for Corridor H. As you begin the budgeting process for FY 2021, I would kindly request that you consider contributing to us again.

Through the generous support of the counties along the Corridor H route, the Authority has continued doing the important work we are charged by code to do. As I mentioned earlier, 2019 was a historic year for the funding of Corridor H. Some of the highlights include:

- June 2019 – Corridor H received $100,000,000.00 towards completion of the Kerens to Parsons section.
- June 2019 – Governor Justice announced the award of a contract for an additional 3.4 miles of Corridor H to be construction which, when completed, will connect Weston to Parsons.
- August of 2019 – A public comment meeting was held in Tucker County to restart the design/permitting process on the Parsons to Davis section. This work had been idle since 2007.
- September 2019 – The Appalachian Development Highway System received a restored line item in the federal budget allowing for an additional $13,000,000 to $16,000,000 of additional funding for Corridor H annually.
- October 2019 – Governor Justice held an event in Tucker County stating that Corridor H is the State’s top new construction highway project.
- January 2020 – Governor Justice referred to the completion of Corridor H in his State of the State Address.
While 2019 was a historic year for Corridor H, the Authority has a lot of important work ahead of us, including, but not limited to the following:

- Continued advocacy for the prioritization and completion of Corridor H to state and federal officials.
- Continued promotion of the use/importance of Corridor H to a variety of groups/organizations.
- Renewing our work with Virginia to ensure Corridor H is on the priority funding list for VDOT.

The Corridor H Authority has been very successful over the past several years working with both the private and public sector to support the completion of Corridor H. However, without the proper funding, these efforts are much more difficult. We are respectfully requesting a contribution of $5,000 from each county along Corridor H to support our goals and objectives during FY 2021.

We appreciate all the support Upshur County has given the Corridor H Authority over the years. We know you share our desire to see this important piece of economic development infrastructure completed as quickly as possible. In order to achieve this goal, it will take a team effort from everyone. I trust we can count on your support of the Corridor H Authority.

If you have any questions or need additional information, please do not hesitate to contact me.

Respectfully Submitted,

Robert L. Morris, Jr.
Chairman

Dear Commissioners,

I would like to request that you waive the $50 rental fee for the Upshur County Recreational Park pavilion for the Upshur County Public Library’s summer reading wrap-up party on July 1, 2020. This event marks the end of our month long summer reading program, which encourages children, teens, and adults in our community to increase their reading, engage in lifelong learning, and explore the world through books. Summer reading is particularly important for students in K-12 to help reduce the summer slide of important literacy skills, and rewarding students for being part of our program with this party helps to boost participation. The event is open to all those who take part in our reading program, from young children who are part of the early literacy program through senior citizens enrolled in the adult program as a thank you for participating. We hope that this event, and the entirety of our summer reading initiatives, will encourage reading and library use throughout our community.

Thank you for your consideration.

Very respectfully,

Beth Rogers

The obligations of Consultant under Section 5 of this Agreement
shall survive termination of this Agreement, and shall remain in effect in accordance with the terms of said Sections.

5. The parties acknowledge that information made available by Consultant and the Company to each other and any individual or entity employed or retained by Consultant or Company, prior to or during the term of this Agreement, concerning or relating to the operation of the parties’ business is confidential. The Consultant and Company agree that such information shall be treated as confidential and used only for the advancement of the interests of the parties, and shall not be disclosed or used without prior written consent. The parties further agree to return all material containing such confidential information whenever requested to do so. The foregoing shall not apply to any information that is in the public domain other than by reason of wrongful disclosure by Consultant or Company. Consultant agrees not to disclose or make reference to the subject matter of this Agreement in any marketing or advertising materials without the consent of the Company. This confidentiality provision shall survive termination and expiration of this Agreement.

6. If any provision of this Agreement shall be determined to be invalid, illegal or unenforceable, either in whole or in part, this Agreement shall be deemed amended to delete or modify, as necessary, the offending provisions and to alter the balance of this Agreement in order to render the same valid, legal and enforceable to the fullest extent permissible.

7. All notices and other communications hereunder shall be in writing and shall be mailed by first class, registered or certified mail, return receipt requested, or postage prepaid or personally delivered (including delivery by overnight couriers such as Federal Express), addressed as follows:

Exhibit A

The Consulting Services shall consist of the following services:

I. Ongoing Routine Assistance

USI will assign an Account Manager/Consultant to your organization that will be responsible for managing your benefits program. This individual will coordinate the activities of the entire USI “team” to ensure that all aspects of your benefit program are handled both efficiently and effectively.

The Account Manager/Consultant is also available to provide advice on an as-needed basis. Often, such assistance involves answering questions related to plan design, claims administration, COBRA administration, coverage issues, and other matters that inevitably arise in the day-to-day administration of a benefit program.

The Account Manager/Consultant can also provide access to other USI divisions that may be able to provide supplemental services for your needs, e.g. wealth management, retirement plan and 401K administration, and property/casualty insurance.

II. Objective Setting and Review of Benefit Program

Setting objectives is critical to the success of any benefit program. We will help you develop organizational goals and objectives which need to be achieved through your benefit programs. In addition, we will continue to review your current plan design and recommend alternatives which will help manage costs while at the same time maintain a competitive comprehensive benefit program.

III. Provide Expert Advice on Legislative and Regulatory Issues Affecting Benefit Plans

USI often provides summaries to clients of developments affecting the administration, design and funding of employee benefit programs - whether those developments are legislative, regulatory, competitive, or demographic. In addition, you will receive a variety of special publications to keep you up to date on benefits issues.

IV. Prepare Loss Experience Reports

Depending upon the size of the group insured, and the availability of data, we may supply you with reports which interpret carrier claim reports on a regular basis. This will enable you to prepare for future budgeting requirements.
V. Negotiate Insurance Carrier Renewals

This activity will cover “pre-renewal” meetings and forecasting, rate renewals and analysis of financial accounting for your various coverages. We typically perform an annual detailed analysis of factors such as:

A. Administration components;
B. Reconciling premium and claims;
C. Calculating incurred but not reported claim liabilities (IBNR);
D. Determining the adequacy of specific stop loss levels; and
E. Projecting future premium rates and claims.

VI. Analyze Claim Utilization Data

Typically, insurance companies provide claim utilization data on an annual basis. If available to us, we analyze this data in order to identify trends specific to your group. The analysis usually includes a discussion of the following; however, the actual report will depend on the data provided by the carrier:

A. Inpatient vs. outpatient usage
B. Benefits paid by provider
C. Benefits paid by diagnostic code
D. Demographic trends
E. Prescription drug utilization
F. Network utilization

Conclusions and recommendations will be presented to assist you in planning for the future.

VII. Competitive Marketing & Analysis

Working with you, we can survey the marketplace in order to:

A. Price various plan design changes;
B. Obtain the cost of new products and services, e.g. managed care, utilization review services, EAPs, long term care, etc.;
C. Ensure that you are accessing the most competitive program which is consistent with your employee benefit philosophy and financial objectives; and
D. Assess network(s) and provide disruption analysis.

The marketing could include reviewing various funding options, the cost differentials for available benefit enhancements, and the viability of fully pooled contracts.
A complete competitive analysis would be presented to you, which would include a cost and benefit comparison.

VIII. Implementation of New Products and Services

In the event of implementation of plan design changes or new benefit program, your Account Manager/Consultant is available to assist with the following:

A. USI can prepare sample employee communications for your use in announcing changes;
B. USI would be present at employee meetings upon request, including “Train the Trainer” sessions, where applicable; and
C. USI would act as a facilitator in meetings between the vendor and you to develop a plan of action regarding target dates and implementation of a new plan. Issues discussed usually include:

1. Account structure
2. Systems installation
3. Enrollment kits
4. Contract & booklet development
5. Administrative supplies
6. Employee identification cards

Attachment: AERDO Standards
SUMMARY OF GIK INTERAGENCY STANDARDS

The purpose of the Interagency standards as developed by AERDO (Association of Evangelical Relief and Development Organizations) is to establish and maintain a set of “industry standards” with respect to the procurement, documentation, financial reporting, use, and overall practices with respect to private gifts-in-kind (GIK). Because donors receive tax write-offs for donations of GIK, it needs to be distributed according to IRS requirements. What follows are some critical points that you need to know, taken as excerpts from the original document.

Standard #1 - Compliance with Agency Mission: All gift-in-kind (GIK) donations must be used in furtherance of the tax-exempt mission, purpose, and program objectives of the recipient non-profit.

Standard #2 - Product Appropriateness: Each non-profit shall have established written policies and procedures for screening GIK prior to acceptance from the donor and utilization to ensure cultural, social, and programmatic appropriateness. No out-dated products manufactured for human consumption should ever be accepted or shipped. Dating on products should be sufficient to secure, accept, value, distribute, dispense, and distribute to be consumed by the intended individual recipients prior to the expiration date.

Pharmaceutical and medical equipment donations should be guided and informed by World Health Organization (WHO) guidelines.

Standard #3 - Valuation Recording Practices: GIK contributions received shall be valued at their fair values as of the date of donation (FASB ASC 958-605-30-2).

Standard #4 - Required Documentation: All GIK recorded as revenue and expense by a non-profit organization needs to be supported by documentation relating to product value, donated inventory, verification of receipt, and record of end-use or transfer. Although it is not necessary to obtain a record of end-use prior to recording revenue and expense, the document should be obtained for monitoring and evaluation purposes.

Standard #5 - Recognition of Revenue and Expense: The number of organizations accepting a GIK donation should be limited to those which have critical roles to fulfill in order to help those in need, prioritizing the best interests of the public over the best interests of the charity. Generally, a GIK donation should not be accepted by an organization if acceptance will result in more NPOs than necessary recognizing the GIK revenue between the time it is received from the original donor and when it is given to the end-user. In combination with Standard #1, this guidance will normally limit the organizations which should recognize revenue to those organizations that either had a direct role in the procurement of the GIK form the original donor or distributed the GIK to the final beneficiary. Any other NPO receiving GIK as a donation recipient should only accept the donation if it will take physical possession of the GIK and add significant value by increasing the utility of the GIK, not simply add value to the GIK transaction by providing storage or transportation.

Standard #6 - Service Fees Charged by NPO Service Agencies: Service fees charged when one NPO donates a gift-in-kind donation to another must not be based upon the value of those gifts but should reflect the expenses incurred to administrate, process, warehouse, manage and handle the GIK provided.

Standard #7 - Disclosure: Financial statements should disclose information about the valuation, source, and use of GIK. The basis and method for valuing donated GIK should be disclosed in an organization's financial statements.

To whom it may concern:

The Upshur County Commission is grateful for their partnership with the 26th Judicial Circuit Community Corrections Day Report Center and its effectiveness within the County. In 2019, this program saved Upshur County approximately one million five hundred fifty-four thousand six hundred fifteen dollars ($1,554,615) in regional jail fees. This is an increase of two hundred seventy-six thousand six hundred eighteen dollars ($276,618) since the previous year. Even though the regional jail bill has nearly doubled since 2015, the County has been able to remain current. Without these services we are certain there would be an increase in offender recidivism resulting in an increase in the regional jail bill that would have a devastating impact on the taxpayers of this County. This Commission continues to support the hard work and dedication of Cheyenne Troxell and her staff. Continued funding of the above referenced program will be greatly appreciated.

Best regards,

To Whom It May Concern:

The Statewide Transportation Improvement Program (STIP) is a financially constrained document required to show planned Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) expenditures for federal fiscal years 2020-2025. One of the requirements to funding any project with FHWA or FTA funds is that each proposed project undergoes a public "review and comment period." Therefore, additions or deletions to the STIP and certain changes to projects currently in the STIP must meet this requirement before federal funds can be obtained. Accordingly, I am again requesting your assistance in making available (to anyone who wishes to review them) the attached listing of proposed amendments to the approved 2020-2025 STIP.

All written comments are to be received no later than February 17, 2020 and should be addressed to:

INITIAL JOINT STAFF MEMORANDUM

RE: CASE NO. 20-0025-PSD-PC
    UPSHUR COUNTY COMMISSION

Staff recommends the Commission enter an order requiring the Upshur County Commission to provide notice of this proceeding through the issuance of a Class I legal advertisement in the form prescribed by the Commission, in the county or counties affected by the proposed order. Staff also recommends the Commission grant the intervention request filed by the City of Buckhannon for the limited purpose to challenge whether the Upshur County Commission has followed the correct process in adopting this resolution.

On January 13, 2020, the Upshur County Commission (UCC) filed this petition seeking the consent and approval of the Public Service Commission to enlarge the boundaries of the Tennerton Public Service District (District). Submitted with the petition was a copy of the Resolution and Order of the Upsher County Commission entered on January 9, 2020. The purpose of the enlargement of the boundaries of the District is to expand into the area west of the City of Buckhannon that is currently unserved by a public sewer system.

On January 24, 2020, the City of Buckhannon (City) filed a petition to intervene in this matter. The City states that it provides sewer treatment services in Upshur County. The District discharges all of its sewerage into the City’s collection system for treatment. In order for the District to provide service in the area described in this petition, the District would have to extend off of the City’s lines. The District is currently in arrears to the City in the amount of about $80,000 and the City has concerns the District is insolvent. The City also has grave concerns about the management of the District. The City has been in negotiations with commercial property owners in the area the District wants to extend its territory into. The City has not come to an agreement with these customers due to their unwillingness to pay their share of the costs of the extension. The expansion proposed in this matter has slowed down the City’s ability to extend service into these areas. The City requests the Commission conduct a Comprehensive Management Audit of the District under Rule 2.7.b.1 of the Sewer Rules. The City also challenges the process by which this order was adopted by the County as due process was not afforded.
On January 31, 2020, the UCC filed a response to the City’s petition to intervene. The UCC states nothing in the City’s petition gives rise to a basis for denying the expansion of the District’s service territory. There is nothing in West Virginia Code §16-13A-2 which prevents a County Commission from expanding the boundaries of an existing District to permit that District to serve in the entire county, except into the service territory of an existing District or into the boundaries of a municipality without that municipality’s permission. There is no allegation this expansion of the District will expand into the municipal limits of the City. Expansion of the service territory will allow the District to provide service in an area it does not currently have authority to serve should the situation arise that service is requested. This expansion will not prevent the City from providing service in this area. The UCC notes that in Berkeley County Public Service Sewer District v. West Virginia Public Service Commission Et al, 204 W.Va. 279, 512 S.E.2d. 201 (1998), the West Virginia Supreme Court ruled that W. Va. Code §16-13A-2 has nothing to do with service rights. The UCC continues that the City’s allegations regarding the District’s financial condition are not relevant to this expansion request.

8.1.a. A county commission upon entering an order on its own motion, or upon receipt of a petition, or upon receipt of a recommendation of the Commission, proposing the creation, enlargement, reduction, merger, dissolution, or consolidation of a public service district pursuant to W. Va. Code §16-13A-2, shall:

8.1.a.1. At the same session, fix a date of hearing in the county which date shall be not more than forty (40) days nor less than twenty (20) days from the date of the action;

8.1.a.2. Within ten (10) days, provide the Executive Secretary of the Commission with a copy of the order or petition and notification of the time and place of the hearing to be held by the county commission;

8.1.a.3. If the territory proposed to be included is situated in more than one county, when fixing the date of hearing, provide for notifying the county commission and clerk thereof of each of the other counties into which the territory extends of the date so fixed;
8.1.a.4. Publish, at least ten (10) days prior to the hearing, a Class I legal advertisement meeting the requirements stated in W.Va. Code §16-13A-2, giving notice of the hearing;

8.1.a.5. Post notice in at least five (5) conspicuous locations in the proposed public service district as required by W.Va. Code §16-13A-2;

and

8.1.a.6. File with the Executive Secretary of the Commission affidavits of publication pursuant to Rule 4 above, and affidavits of posting pursuant to Rule 5 above as soon as the same are available.

8.2. Notification to the Commission of county commission action.

8.2.a. If the county commission enters an order creating, enlarging, reducing, merging, dissolving, or consolidating a public service district, the county commission shall, within ten (10) days of entering such order, file a copy of such order with the Executive Secretary of the Commission. If the county commission declines to enter such an order, the county commission shall, within ten (10) days of declining, file with the Executive Secretary of the Commission notice that it has declined to enter any such order.

Under West Virginia Code §16-13A-2(c), certain findings must be made by the county commission and included in its resolution and order approving the boundary expansion.

(e) All persons residing in or owning or having any interest in property in the proposed public service district shall have an opportunity to be heard for and against its creation, enlargement, reduction, merger, dissolution or consolidation. At the hearing the county commission, before which the hearing is conducted, shall consider and determine the feasibility of the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district. If the county commission determines that the construction or acquisition by purchase or otherwise and maintenance, operation, improvement and extension of public service properties by the public service district will be conducive to the preservation of public health, comfort and convenience of such area, the county commission shall by
order create, enlarge, reduce, merge, dissolve or consolidate such public service district. If the county commission, after due consideration, determines that the proposed district will not be conducive to the preservation of public health, comfort or convenience of the area or that the creation, enlargement, reduction, merger, dissolution or consolidation of the proposed district as set forth and described in the petition or order is not feasible, it may refuse to enter an order creating the district or it may enter an order amending the description of the proposed district and create, enlarge, reduce, merge, dissolve or consolidate the district as amended.

Review of Filings

1. The Upshur County Commission adopted the resolution and order to expand the service area of the Tennerton Public Service District on December 5, 2019. The hearing was set for January 9, 2020, thirty-one (31) days after the resolution was adopted, satisfying the provisions of Water Rule 8.1.a.1.

2. Notice of the adoption of the resolution was given to the Commission by filing on December 9, 2019 (4 days later), which does meet the deadline set forth in Water Rule 8.1.a.2.

3. The Upshur County Commission provided affidavits of publication of the notice of the public hearing and provided an affidavit that notice of the hearing was posted in at least five (5) conspicuous locations in the proposed service area for a period of at least 10 days prior to the hearing.

4. As noted above, the UCC filed this petition, including a copy of the UCC’s Resolution and Order, with the Commission on January 13, 2020. The filing did comply with the notice requirements set forth in W.Va. Code §16-13A-2(f) and in Water Rule 8.2.a..

5. The proposed expansion of the District appears to be adequately described in a metes and bounds description included in the Resolution and Order of January 9, 2020, as required by W.Va. Code §16-13A-2(a).

6. Upshur County Commission must provide notice of the petition seeking the Commission’s consent and approval of the boundary enlargement. Water Rule 8.3.a. states:
Upon the receipt of a county commission order proposing the creation, enlargement, reduction, merger, dissolution, or consolidation of a public service district pursuant to W. Va. Code §16-13A-2, the Commission shall enter an order directing the county commission to provide notice of the proceeding through the issuance of a Class I legal advertisement in the form prescribed by the Commission, in the county or counties affected by the proposed order. The notice shall include the right of any customer of the proposed public service district or other interested party to file a written protest. See Water Form No. 8 for example of notice to be published.

Legal Staff recommends the Commission enter an order requiring the Upshur County Commission to give notice of its petition seeking consent and approval of the boundary reduction.

In summary, based on its review, Legal Staff recommends the Commission enter an order:

1. Requiring the Upshur County Commission to provide notice of this proceeding through the issuance of a Class I legal advertisement in the form prescribed by the Commission, in the county or counties affected by the proposed order.

Otherwise, Legal Staff finds the Upshur County Commission has substantially complied with the Commission’s requirements.

Legal Staff also recommends the Commission grant the intervention request filed by the City of Buckhannon for the limited purpose to challenge whether the Upshur County Commission has followed the correct process in adopting this resolution. Legal Staff agrees with the UCC that the issues regarding the actual provision of service to any of the customers in the proposed expansion, the financial situation of the District and the request for a Management Audit are outside the scope of this proceeding. Those issues can be pursued in a separate complaint case or the context of any certificate cases that may come before the Commission.

RE: Public Employees Retirement System (PERS) Contribution Rate Change

Dear Participating Employer of the Public Employees Retirement System (PERS):

This correspondence is to confirm the Board of Trustees of the WV Consolidated Public Retirement Board (Board) reviewed and accepted the 2019 PERS actuarial valuation results at the January 22, 2020 Board meeting and voted to not change the PERS employer contribution rate for fiscal year 2021. Therefore, the employer contribution for PERS Tier I and Tier II members will remain at 10.0% effective July 1, 2020.

Pursuant to the provisions of WV Code §5-10-31, it is the responsibility of the Board to determine the amount of employer contributions to be paid into the PERS Employers Accumulation Fund. The employer contribution rate is based upon the annual actuarial valuation of the assets and liabilities and is subject to be reset annually. As you may recall from past correspondence and publications, the Board has adopted asset smoothing as the actuarial asset valuation method for PERS. The asset smoothing method allows the annual investment gains and losses for PERS to be spread over a period of four years.

The employer contribution rate changes are necessary to provide for the continued actuarial soundness of PERS, ensuring funding for the normal cost of expected benefits and unfunded liabilities throughout the amortization period established for the plan. Specifically, the valuation results for Fiscal Year 2019 revealed that expected contributions and investment returns will be sufficient to cover the expected annual cost and related liabilities of PERS. All future employer contribution rates are subject to the annual actuarial valuation results.

Please take note that the employer contribution rate will remain 10.0% effective on any Pay Period End Date beginning on or after July 1, 2020 for both Tier I and Tier II members and should be used in your budgetary considerations for Fiscal Year 2021.

If you should have any questions or need any additional information, please do not hesitate to contact our Employer Reporting staff at (304) 558-1395.

Sincerely,

Jeffrey E. Fleck
Executive Director

Dear Community Partners

The Upshur County Partners in Prevention members are coordinating a Community Baby Shower for Upshur County pregnant parents and families with a child under the age of 6 months old. This group of community agencies want to provide participants with health, safety and support information, as well as to celebrate the birth of their child. Along with refreshments and games, we would like to provide the first 30 participants who register with diaper bags that will include essential items they will need as new parents. This event will take place at the WV Wesleyan College Social Hall from 10am to 1pm on March 21, 2020.

Unfortunately, grants received for this event do not cover all the expenses. Therefore, we are in need of donations from the community to help make sure that we can provide as many necessary items for the children. Some of the families who have attended this event in the past struggle financially to provide the needed items for their child, so they appreciate these diaper bags tremendously. You will find a wish list of items attached.

If you are able to help this year, you can choose Sponsor a Mom for $50 (which helps cover the cost of a diaper bag and items for a mother) or by making any other financial donation. You may also to purchase items on the wish list as well. You can drop off donations at Stockert Youth Center/Family Resource Network office (79 East Main Street) by March 16th. Please make checks out to the Upshur County Family Resource Network (or UCFRN for short).

If you know of a mom who would like to attend, are able to make a donation, or assist in this event in any way, please contact me at 304-376-0086 or jfleshman@hsc.wvu.edu. You may also contact Lori Ulderich Harvey at 304-473-1051 or upshurfrn@yahoo.com.

Thank you for your time and consideration of our request. We love providing this event for the families and are excited to host a wonderful event again this year!

Sincerely,

Jodi McQuillan, MSW, LGSW

POSTED: 02/19/2020
Present from Adrian PSD: Paul Spencer, Kelly Arnold, Carolyn Douglas, Lindsey Woody, and Eric Brunn.
Visitors: Trey Hornor

All motions were unanimous unless otherwise noted.

The meeting was called to order at 3:00 pm by Chairman Spencer.

Trey updated the board on the progress of the Phase VIII project. He informed us that in December 2019 RUS (Rural Utility Service), who we are receiving the funding for the project from, has approved the preliminary engineering and completed the underwriting for the project. RUS, once they receive their yearly budget is hopeful to approve the funding within this fiscal year before September 30, 2020. The national office of RUS will also have to review and approve the funding because the project is over five million dollars.
Trey brought the review plans for the project. He asked that we try to keep obtaining water user agreements from potential customers that have not signed up yet for the extension.
Lindsey is to obtain the insurance coverage for the CSX railroad crossing for the project and the board approved the Facility Encroachment Agreement with CSX.
The PSD agreed to use a right of way agent to obtain the majority of rights of ways needed for Phase VIII. Trey is going to obtain a quote from some agents for the job.

Minutes of the December 11th meeting were read. Kelly made the motion to approve the minutes and Carolyn second.

Invoices were presented – Motion to pay was made by Paul, second by Kelly.

Upshur County Public Library Board of Trustees Meeting
January 15, 2020

The regular meeting of the Upshur County Public Library Board of Trustees was held on Wednesday, January 15, 2020 at 4:00 p.m. at the library. Board members in attendance were Dennis Xander, Michelle Strader, John Haymond, and Kenna Leonard. Also in attendance were Paul Norko, Director; Beth Rogers, Assistant Director; Connie Cútright, Business Manager; and members of the public. (9 signed attendance sheet)

The minutes of the November meeting were approved on a motion made by Kenna and seconded by Michelle.

The financial reports for November and December were accepted on a motion made by John and seconded by Kenna.

Director’s Report – see attachment

**Concerning the security cameras, it was suggested that one be pointed toward the entrance so students getting off the buses would be in view of the camera.

The parking lot lights have been installed. Hopefully, the wearing coat of asphalt can be completed in the spring.

The personnel handbook committee reported they will not be meeting until spring to continue revisions.

On a motion made by Michelle and seconded by John, the board approved the audit report for FY2019 and gave approval for the president to sign four documents requiring the board president’s signature: the representation letter, copy of the trial balance, copy of the adjusting journal entries, and the unbound copy of the audit.

Last year, the library did not meet their maintenance of effort (MOE) agreement required by the Library Commission regulations. To meet the maintenance of effort, you must spend at least one dollar more than you spent the previous year. We were short about $20,000.00; a large part was due to the assistant director’s position being vacant for almost four months and a part time clerical worker that was off on leave and then resigned, leaving the position vacant for a period of time. The MOE agreement does not take into consideration loss of income as a reason to reduce spending, so even though we lost $30,000.00 since 2014 from the county, the amount we need to spend to meet the MOE did not decrease by $30,000.00. Libraries are often given waivers when they don’t meet the MOE. We were granted a waiver but not a full waiver which means we will lose a total of $1896.00 for the next two quarters.

Paul reported the date for the Ramp Dinner will be Friday, April 24 from 5-8. We will begin working on sponsorships late February or early March.
Because we now have the small meeting room, (formerly the Toy Library), the Meeting Room Policy needs revised. Connie will make the approved changes and present at the next board meeting for final approval.

The board reviewed the Materials Selection Policy and found it clear and appropriate. The board then requested that library administration review the policy with library staff to ensure that the policy is followed in all situations.

Ann was not present to give a Friends of the Library update.

The next board meeting will be Wednesday, February 19 at 4:00 p.m. at the library.

The board then entered into executive session at 5:30 p.m. on a motion made by Michelle and seconded by John to complete the director's evaluation. The board came out of executive session at 6:25 on a motion made by John and seconded by Kenna. The director's evaluation was approved on a motion made by Kenna and seconded by John.

The meeting adjourned at 6:30.
