

Tap Fee Schedule for Connecting to the City of West Branch Water and Sewer Systems

¾” Residential Water Tap. \$850.00

Anything larger than a ¾” residential water tap shall be charged \$850.00 x the Residential Equivalency* (example – a business putting in a 1” water line and projects the usage to be 60,000 gallons per quarter, the tap charge would be \$850 x 3 = \$2,550.00). If an approved contractor performs the tap, the tap fee will be divided by two (example – using the example above if an approved contractor made the tap the charge would be \$1,275.00). Council may adjust the tap charge further based on special conditions on a case-by-case basis. Minimum tap fee shall be \$850.00

6” Residential Sewer Tap. \$850.00

Anything larger than a 6” residential sewer tap shall be charged \$850.00 x the Residential Equivalency*. If an approved contractor performs the tap, the tap fee will be divided by two. Council may adjust the tap charge further based on special conditions on a case-by-case basis. Minimum tap fee shall be \$850.00.

4” or less water suppression Tap. \$2,000.00

Over 4” water suppression Tap. \$3,500.00

*Residential Equivalency = quarterly usage up to 20,000 gallons per quarter
