Here's a great activity for families or other groups visiting Wahlfield Park. It’s easy for adults to oversee and a fun challenge for kids. Kids can play in teams or by themselves. The activity is limited to the area shown in yellow below, for easy monitoring by adults.

- Print one copy of the second page (with photos) for each child or team.
- Option 1: Set everyone loose at the same time. Each team marks off the items on their sheet as they find them. When a team thinks they've found everything, stop everyone else and check to see if they have it right. If not, let everyone keep playing.
- Option 2: Have teams go one at a time. Time each team. When all teams are done, see who has the best time.
- Option 3: Families with young kids can do the scavenger hunt together as a family activity.
- Option 4: Make up your own rules!

Have fun on your visit to Wahlfield Park!

Special thanks to Shane Smith (shane@reflectiveartinc.com) for creating and donating the Wahlfield Park Visual Scavenger Hunt.
