W.H. Rogers’ Address to the Board

I am here against the rezone at property at 5429 Maryville Road. It is a B-1 limited business and they want to change it to a multiple family dwelling. To do this, the zoning board said it should be on a 2 acre land, he has a half acre of land. It is also supposed to be 25 feet from the road and he is 12 feet from the road. He says it will just be apartments, but right now there is a store there and it has two apartments up over it. Now he has built 4 apartments under it without any permits. He also said he was going to build 6-8 more apartments on that half acre lot. This is not safe. The property value will go down if this happens. I have a petition with 86 names on it. That tells me 86 families are against it. On site we had 15-20 people there. The neighborhood does not feel this is a good idea and we are against it, we are trying to keep our property looking as good as we can and keep it safe.

Eddie Lee’s Address to the Board

My name is Eddie Lee and I am the supervisor of Chouteau Township and I would like to ask for a few minutes of your time to thank the board members who serve on the Planning and Development Committee and also Wayne Brendel. I want to thank them for their support on resolution Z17-0004 and ask you to support them also. But most of all I would like to thank them for making the people of our community feel like their voices were heard. I have been supervisor for the last 16 years and over the last few years I have seen the people of the area lose faith in the county. Whenever I have residents in my office talking about a subject, I tell them I will have to contact the county for something, they just roll their eyes and say we are just wasting our time. If you have ever been a trustee or supervisor of a township you know that 75% of the time when you have a problem with property violations, it is most of the time own by someone or company that don’t even live in the township. And most of the time they are the first to protest their taxes. I want to thank you for making the people feel like their voices were heard and thank you for making them feel they can believe in our county government again.

Mr. Parkinson: Mr. Prenzler, with the other speakers not showing up, there is another entity that would like to have spoken tonight. Being we do not have five speakers could we possibly hear from the fire chief from State Park, whose member is being replaced today.

Mr. Prenzler: Madam Clerk believes that would be in violation to the ordinance that we have.

s/ Kurt Prenzler
Madison County Board Chairman

Mr. Parkinson: I would like to hear from the State Park Fire Chief on this matter. I believe he has some things he would like to say to the board, if you would allow that?

Mr. Prenzler: No.
Mr. Parkinson: Ok. Secondly, the job of a fireman in this country is very difficult. These are public servants that serve their constituents and put their own life in jeopardy and they deserve to have someone they trust that will have their back and they know they will have their back and will get them the services and goods they need to do their job on a daily basis. We heard from them at the last meeting that they like the job that Bill Ellis is doing and for some reason it is not being heard, we keep putting a different name in there. This is the second month in a row and I don’t understand why this is a difficult thing. This guy is doing a fine job and they support him. I have had numerous phone calls from them and I spoke to them over the past month and they are adamant about this guy. In today’s world with the difficult job that firemen have that we should give them all the support they need and give them the people they want to have their back. I think the board should clearly speak tonight and back these firemen on this. I don’t think there is anything more important on this agenda tonight, backing your firemen with what they want. They clearly want this guy and they are fighting hard to keep their man and I think we should give them that.

Mr. Walters moved, seconded by Ms. Ciampoli, to adopt the foregoing resolution.

Mr. Asadorian: I thank board member Mike Parkinson. Being a firefighter for 33 years, it is not too often that you have a mutual respect from the chief to the grunt. When you have that, it is positive throughout the department. I had a conversation earlier with someone and I am confused now because I was told others are on board with this and now I am finding out that is not true. I don’t know if there is a miscommunication or what. These guys have it more difficult than we did, they are volunteers, and this is an additional burden on them. When they all work in a proper manner for the better of their community, then we should encourage that and not try and disrupt anything. These are just words on someone that has been there.

Ms. Novacich: I just want everyone to look around the room and see the firefighters we have here tonight from State Park. They are coming out here because they are in support of Bill Ellis and I have heard from some of them and it is not anything negative against Mr. Outland, it is just that Mr. Ellis understands and knows the position and job and they would like to retain him. These guys go through so much training, so much time away from their families, they are volunteers and I think we need to let them have what they want and that is Mr. Ellis retained on their board.

Ms. Glasper: Let me ditto what Ms. Novacich just said. I have heard from a lot of the firemen and my support still goes for Bill Ellis. I have talked to them and they have expressed to me their desires as far as a working relationship with Mr. Ellis. I would like to see Mr. Ellis remain, but since we have another recommendation and it is nothing personal against Mr. Outland, but we would like to honor their wishes of the firemen. They are volunteers and they are doing this on their own will. Mr. Outland is not my recommendation again, Mr. Bill Ellis was.

Mr. Parkinson: I make a motion to table until the next meeting.

Mr. Prenzler: Mr. Parkinson we already have a motion on the floor.

Mr. Parkinson: I am making a motion to table until the next meeting for further consideration.

Mr. Asadorian: A motion to table supersedes. And I will second that.

Ms. Hawkins: Mr. Outland is also supported by many fire chiefs of the past in the community out there and by his church. He is an outstanding citizen and nothing against Mr. Ellis it is just that Mr. Outland had been recommended to me. This district is shared by district 16 and 22. I have never got involved with a fire department or what people what. So many people wanted this change. I support Mr. Outland.

Mr. Prenzler: I don’t believe a motion to table is appropriate.
Mr. Asadorian: Can we get a legal opinion on that? A motion to table supersedes any motion.

Mr. Prenzler: Ok, let’s go on and vote to table this appointment.

Mr. Parkinson moved, seconded by Mr. Asadorian, to table the foregoing resolution.

The ayes and nays being called on the motion to adopt resulted in a vote as follows:

NAYS: Chapman, Ciampoli, Futrell, Goggin, Harriss, Hawkins, Jones, Kuhn, Madison, Maxwell, McRae, Michael, Moore, Walters and Wesley.

AYES: 12. NAYS: 15. Whereupon the Chairman declared the motion to table has failed.

Mr. Prenzler: Let’s go back to Mr. Walters’ original motion.

Mr. Chapman: Point of order, I believe there should be discussion involved on this motion from the floor.

Mr. Holliday: Is this in Ms. Glasper’s district.

Mr. Prenzler: Yes it is.

Mr. Holliday: Shouldn’t that be her recommendation as followed.

Mr. Prenzler: Not necessarily.

Mr. Holliday: That has been the protocol in the past.

Mr. Walters: I would disagree with my seat mate here, there has been many of times where republicans did not get they wanted and they were approved. Ms. Hawkins has part of that district and she has been the one that asked for this appointment. So we do have someone from that area that did make the appointment.

Ms. Novacich: I thought this was a bipartisan position?

Mr. Parkinson: If this vote goes the way the vote to table went, I just want everyone in this room that is a voter in this county to see what is going on, that the voters are not being heard.

Mr. Moore: Does this gentleman have experience or background in firefighting?

Mr. Prenzler: Mr. Outland is a resident of State Park, he is a member of the Alpha Omega Church, he works at Luby Equipment Company in Caseyville with heavy equipment maintenance and his son was a volunteer fireman on the State Park.

Mr. Asadorian: Again as a firefighter I would like to speak on that issue of experience. When you are making decisions that will affect people’s lives and without sounding dramatic, the decisions you make are going to affect firefighter’s lives, I would hope someone would have some idea of what is going on in the fire service. We had a guy that was a meat cutter that told us in Granite City what kind of fire truck we should get. We don’t tell him how to cut meat he doesn’t need to tell us what kind of equipment to buy.
The same thing is here, you need someone with knowledge and background. Just because his son was a volunteer firefighter, we shouldn’t say the man is qualified because of that. He has no fire science background and he will be making decisions that will affect these young men’s lives.

**Mr. Chapman:** It might be helpful for the board to understand what moved you to recommend this particular person for this position. I am not saying it is wrong, that information might be helpful to everyone.

**Mr. Prenzler:** Ms. Hawkins would you like to speak to that point?

**Mr. Hawkins:** Please repeat the question.

**Mr. Prenzler:** Mr. Chapman wants to know why we are not recommending Mr. Ellis.

**Mr. Chapman:** No, that is not what I am saying at all Mr. Chairman. What I said and questioned very clearly was, with no rank towards anyone, I asked what the reasons were that this particular person’s name was advanced to be in this position?

**Mr. Prenzler:** I did speak with Ms. Glasper and went over the reasons why Ms. Hawkins and Ms. Ciampoli believe that Mr. Outland is the best candidate for this position. He is well qualified and an ethical individual and he can add something to that fire district.

The ayes and nays being called on the motion to adopt resulted in a vote as follows:

**AYES:** Mr. Chapman, Ms. Ciampoli, Ms. Dutton, Futrell, Goggin, Ms. Harriss, Ms. Hawkins, Jones, Madison, Maxwell, McRae, Michael, Walters and Wesley.

**NAYS:** Asadorian, Dalton, Glasper, Gorman, Holliday, Malone, Moore, Novacich, Parkinson, Petrillo, Pollard, Trucano

**ABSTAIN:** Kuhn.

**AYES:** 14. **NAYS:** 12. **ABSTAIN:** 1 Whereupon the Chairman declared the foregoing resolution duly adopted.

*Ms. Kuhn wanted to speak, but was denied after roll call was called.*

Mr. Madison moved, seconded by Mr. Walters, to adopt the foregoing resolution.

On the question:

**Ms. Gorman:** Can you give me a brief description about the project, like why are we changing the locks?

**Mr. Madison:** Due to things that happened earlier, there were some questions on people getting into offices after the change of leadership, we decided we needed to look into it and see if there was anything we should do to make the employees safe and make sure the offices are secure. What we found out, for many years there had not been a key management system in place whatsoever. There were several master keys out. There was not a really good system to determine who had them. It is unknown how many copies of keys have been made over the years. We looked into it and the committee decided it would be wise to go through and keep all the same hardware on the locks that we have and not get into an expensive or elaborate system, but to replace all the cores of the locks. The person who won the bid will come up with a spreadsheet to help us have accountability for the keys so we know who will have them. There will be master keys for each department head and only for their department. There will be grand master keys for the top leadership which is 2-3 keys max and we will have an accountability system run by facilities management so we do not have to look back and go through this again. The low two bids were one from Philadelphia for $41,000.00 and the winning bid was $124.00 higher for $41,124.00. That was Locks A 2 Z out of Maryville. The reason we chose to go with the second low bid was because the first low bid was going to have the locksmith and keys provided locally, but they have not determined who was going to do that yet. We decided the $124.00 would be worth going to a local company who we knew what we were dealing with.

**Mr. Parkinson:** Will this new system have a way to let us know who is going into the offices? Is it a swipe card that will I.D. and let us know who is going into the offices after hours?

**Mr. Madison:** We elected not to go with the system that elaborate. There are already cameras throughout the building. We decided instead of having overkill there we would live with the camera system we have and rekey the locks so we are much more secure. And we would be more accountable with the key system we have today.

**A RESOLUTION RELATING TO PARTICIPATION BY ELECTED OFFICIALS IN IMRF**

**WHEREAS**, Madison County is a participant in the Illinois Municipal Retirement Fund; and

**WHEREAS**, elected officials may participate in the Illinois Municipal Retirement Fund if they are in positions normally requiring performance of duty for 1,000 hours or more per year; and

**WHEREAS**, this governing body can determine what the normal annual hourly requirements of its elected officials are, and should make such determination for the guidance and direction of the Board of Trustees of the Illinois Municipal Retirement Fund;*

Mr. Wesley moved, seconded by Ms. Glasper, to adopt the foregoing resolution.

On the question:

**Mr. Asadorian**: Does this exceed the hours that the state requires? I thought the state requires like so many hours a month which came out less than this.

**Mr. Wesley**: This resolution came from IMRF to our county and it requires participation of 1000 hours per year for elected officials.

**Ms. Hawkins**: I have been on the board for 15 years and I have never enrolled in it nor did I enroll in it as town clerk for 25 years because I did not put in the proper hours. But people who do definitely deserve it.

**Mr. Faccin**: Is this straight for county board members, not county wide officials?

**Mr. Wesley**: No this is for the county wide elected officials. The board back in November or December eliminated eligibility for all county board members. Those that were in the program prior to that were grandfathered in at the place where they maintained their retirement, but their participation does not go forward from there. This is for county wide elected officials

**Mr. Asadorian**: Do we have county wide elected officials that don’t work 1000 hours a year? I don’t want to accidently kick someone out.

**Mr. Hulme**: IMRF requires for a pension that the official works 1000 hours and that is pretty typical. There is no change here from the past.

**Mr. Maxwell**: What this resolution does is identifies the state statute and if you work less than 1000 hours that you will get a certification and they would send that to the county wide elected and provide them this document and they will certify that they have worked 1000 hours to maintain their enrollment into IMRF. This is just getting under the state statute and lining it up that they will certify.

**Mr. Asadorian**: My question is do we have elected county officials that don’t work 1000 hours a year.

**Mr. Maxwell**: That would probably be up to the county wide elected official, but I can’t imagine since they are all full time positions.

**Mr. Parkinson**: For example today I spent the entire battery life of my phone listening to complaints on how the county is being run and I am wondering who would verify the amount of hours I worked today?

**Mr. Wesley**: There are guidelines within that document that tells what is acceptable to record and what is not acceptable to a standpoint of the odd number of hours an official works.

**Mr. Faccin**: Are we talking about one document you fill out at the end of the year?

**Mr. Wesley**: This is one document verifying what you have done for the year.

Mr. Maxwell moved, seconded by Mr. Jones, to adopt the foregoing resolution.

On the question:

Mr. Parkinson: I received numerous phone calls on this issue and there are residents that concur with what they have proposed on this.

Mr. Asadorian: With this being in my county board district, we have had issues at this one particular site over the years, and it seems like any time someone moves in there they try and circumvent the rule. They have already started working on the property without getting permits. The previous owners did that, it is like they are trying to get around the rule of law. These residents that have been there have been there for years. It is a planted neighborhood and to disrupt them over something like this, I want to thank the committee for denying and hope the entire board agrees with them.

Mr. Chapman: In support of Mr. Parkinson and Mr. Asadorian, I believe there were 92 residents that signed a petition against this and it clearly does not fit in to the established pattern of this neighborhood.
Mr. Moore: If everyone remembers, the first gentleman that spoke this evening is someone who lives next door and gave his first hand perspective on this. He did get a petition and I am concurrence with my fellow board members for denial.

Ms. Hawkins: This was part of my old district, those people are hardworking taxpayers and they just want to keep their area safe. There would be a parking problem with that addition, there is a worry with children getting hit and I want to thank the Planning and Development Committee for supporting those people.

**METRO-EAST SANITARY DISTRICT**

**RESOLUTION**

WHEREAS, Helen Hawkins has been recommended for consideration and appointment,

NOW, THEREFORE BE IT RESOLVED that Helen Hawkins, be appointed to a 5 year unexpired term ending 12/3/2017.

Dated at Edwardsville, Illinois, this 17th day of May, 2017.

s/ Kurt Prenzler
Madison County Board Chairman

Mr. Walters moved, seconded by Ms. Ciampoli, to adopt the foregoing resolution.

On the question:

Mr. Prenzler: I would like to say this is a rather historic moment for the board, Madison County and for Helen.

Ms. Ciampoli: I would assume this means Helen will not be able to serve on the Madison County Board any longer. I would like to say it was a pleasure to work with you Helen. I know this has been a dream for you and I am glad you got what you wanted. I know this is a passion of yours and has been for many years. I wish you the best of luck and will miss you greatly.

Ms. Kuhn: I would also like to agree with what Lisa has said. Helen has always served from the bottom of her heart with sincerity and she has been very sincere with what she is doing.

Mr. Walters: I would like to wish Helen the best. Helen has been working with people since the 1970’s with my father at the time who was the state representative and was trying to help get this department going.

Ms. Hawkins: We strive to make things better. In the 60’s and 70’s I worked hard with Louis Whitsell, who was the county board member at that time. He wanted to make things better with the east side levee district that was conducted in St. Clair County. We worked diligently together. I got put on the Governor’s committee with the recommendation of Louis Whitsell. There we made changes and have come a long way. We are lot better than we were in the 60’s and 70’s. We still have a little ways to go and I appreciate this opportunity to serve my passion.

Mr. Walters moved, seconded by Ms. Ciampoli, to adopt the foregoing resolution. **MOTION CARRIED.**

******************

Mr. Prenzler: I would like to go to new business now.

Mr. Chapman: I am raising the issue of video gaming at Illinois racetracks for new business

**RESOLUTION IN SUPPORT OF ILLINOIS SENATE BILL 7 (SB0007) TO ALLOW ELECTRONIC GAMING AT ILLINOIS RACETRACKS**

**WHEREAS,** the Illinois State Senate is considering a bill known as Senate Bill 7 (SB0007) that would amend the Illinois Horse Racing Act of 1975 in order to allow electronic gaming, including but not limited to Video Poker, Video Slots, and Historical Racing Machines, at racetracks within the State of Illinois; and,

**WHEREAS,** the establishment of combined racetracks and casinos in surrounding states, including Iowa and Indiana, have hurt the horse racing industry in Illinois; and,
WHEREAS, the Madison County Board feels that the proposed amendments would be economically beneficial to the local Fairmont Park Racetrack, which has been operating in Collinsville since 1925 and is the only racetrack serving Illinois outside of the Chicago region; and

WHEREAS, the Madison County Board feels that the proposed amendments would be economically beneficial to state and local taxing bodies and school districts; and,

WHEREAS, the Madison County Board feels that to allow electronic gaming, including but not limited to video poker, video slots, and historical racing machines, at horse racetracks would facilitate the continued success of the Fairmont Park Racetrack, allowing them to serve citizens of the greater metro-east for decades to come.

NOW, THEREFORE BE IT RESOLVED by the County Board of Madison County, Illinois, that this resolution is approved and shall be effective immediately upon its adoption.

This would mean they would have 1500 jobs maintained in Collinsville and in Madison County, including many minorities and females. $25,000.00 in taxes go to Collinsville from the track. Over $80,000.00 in taxes go to Madison County. They pay $250,000.00 in property taxes to the county and over $600,000.00 in taxes and fees to the State of Illinois. It would be catastrophic for the Madison County economy and for the economy of Collinsville to lose this racetrack.

Mr. Walters: This bill just passed out of the senate today, 33-24 so it is over to the house, which you don’t understand what is going on in the house, they have until Friday to be assigned to a committee and they have to have it out by this Friday. Hopefully they move, but things do not move that quickly in Springfield. I just want to give an update on what is going on with the bill.

Mr. Asadorian: So if we pass the resolution, should we then send it to the house and not the senate?

Mr. Walters: The senate passed it.

Mr. Asadorian: Right, it is my understanding that it was going to go to the senate as us supporting this.

Mr. Walters: I would advise that we send it to the senate and the house, because the house is going to be the ones that need to vote on it. The best thing would be to call representative Beiser, Stewart, Hoffman and talk to them about it.

Mr. Prenzler: This came in under new business this evening so I believe we cannot vote on it as a county board but if you do agree with Mr. Chapman I would encourage you to call your legislators.

Mr. Walters: One of the senators made a motion that this bill is not effective unless senate bills 1, 3, 4, 5, 6, 8, 9, 10, 12, 13 and 16 pass.

Mr. Chapman: Along this issue of video gaming, I would also propose the county board that we look very carefully at through our legal resources to look and see if it is true that Madison County might be able to work with the municipality of Collinsville to approve a certain amount of machines at Fairmount Park. If this is true then I would hope the board and the administration would move expeditiously as the financial situation at Fairmount Park is not going how we would like.

Mr. Asadorian: It is my understanding, if they have a liquor license they are entitled to an X number of machines if they apply for it. Is that correct?
Mr. Prenzler: That is a discussion between them and the Illinois Gaming Board.

Mr. Walters: Mr. Asadorian the bill that was passed specifically was not allowed to go to racetracks unfortunately.

Ms. Novacich: I was curious, I know the appointment of Kristen Poshard as Community Development Administrator had been approved, and I have recently had some phone calls and heard that she is also in charge of the Madison County Employment and Training. I would like to know how being in charge of both of those is going to work for her and the people in the departments and will there be any extra salary included?

Mr. Hulme: No extra salary and that is as of right she is overseeing the Employment and Training Department.

Mr. Parkinson: Is it your intent to combine those departments and have her run it?

Mr. Prenzler: We are looking at all opportunities to save money and run more efficiently. We have not made that decision yet.

Mr. Parkinson: It is my understanding that she has been down there within the recent couple of days letting everyone know she is their boss and taking phones away from employees.

Mr. Prenzler: She is. She is in charge of that department.

Mr. Parkinson: I am wondering if this was something talked about in a committee or is this something we decided to do on our own?

Mr. Hulme: I want to caution about getting into any personnel manners. She is in charge and overseeing the Employment and Training Department and we are looking at ways to cut administration costs.

Ms. Kuhn: I know Chris Sillery did an excellent job and she resigned, who is in charge of Personnel now?

Mr. Prenzler: We have Mr. John Thompson who is raising his hand in the back of the room. He is compliance manager and I invite you to talk to him or our I.T. Director, Rob Dorman on what they are doing to expand and look at a new payroll software system, which would include more than just payroll software. It would include many more things.

Ms. Kuhn: So this is the person I would talk to about things being switched around?

Mr. Prenzler: Yes.

Mr. Asadorian: Going back to previous discussion, evidently the union is under the opinion that both departments have already been merged.

Mr. Prenzler: I can’t speak for the union’s opinion. I don’t know if that is true.

Mr. Asadorian: So you don’t know if the departments have been merged?

Mr. Prenzler: I don’t believe they have been merged.

Mr. Parkinson: Are you saying they haven’t or you don’t believe they have?
Mr. Hulme: Employment and Training is currently being overseen by Kristen Poshard.

Mr. Parkinson: So they are merged.

Mr. Hulme: Yes she is looking at them, she is overseeing them.

Mr. Parkinson: They are merged.

Mr. Hulme: Currently she is in charge of them Mr. Parkinson.

Mr. Parkinson: So they are merged.

Mr. Hulme: We previously had a director of Employment and Training, we are not confident that we need another director of Employment of Training earning $100,000.00 so it is something we are looking at to save money.

Mr. Wesley: As I understand it, they are two different departments and she is overseeing both departments at this time.
