Daniel Smith’s Address to the Board:

A vigorous grassroots campaign rose up against the $18.8 million bond issue that the county attempted through a backdoor referendum. In a non-partisan effort, twenty-three thousand signatures were gathered, by over 300 petitioners, throughout Madison County, to get it on the ballot in 2014. The voters turned the bonds down by a two-thirds majority vote. That is the reason I am standing here today, to give those who signed petitions and voted a voice in this matter. The people prevailed against borrowing $18.8 million, we exposed it and defeated it; we won the first battle. The county wouldn’t take no for an answer however. The chairman and the board are prepared to pass a $1.2 million expenditure toward architectural and engineering services to AAIC. This vote, in essence is approving an overall $9.3 million jail renovation project which will span up to three years. We realize that there are some updates and maintenance needed at the jail. But we still contend that this amount is excessive. When you planned to borrow and spend $18.8 million before, how can we believe you need $9.3 million now? You have lost credibility. As representatives of the people, will you ignore the wishes of the voters and risk appearance of being out of touch with the taxpayers. The overarching issue is the apparent deception where at first $18.8 million had to be borrowed, but now, seventeen months later; “oh, by the way, we have the money now.” Illinois has the second highest property taxes in the country. Yet, the democratic leadership was very ready to borrow
this money and put the overburdened taxpayers on the hook for it. Now that we learn the county is so flush with cash, how about some property tax relief. Questions were asked in the Buildings Committee and Finance Committee about some approximately $400,000 savings that could possibly be achieved by negotiating with AAIC. The concerns were largely ignored. The county administrator stated that they would be looked at as the project proceeded. Isn’t this similar to “you have to pass it to know what’s in it.” With some further negotiations with AAIC hundreds of thousands of dollars could potentially be saved. We will be closely watching this project if it goes forward. Thank you.

Debra Kleuter’s Address to the Board:

Good evening. My name is Debra Kluter, I am here regarding zoning application Z15-0071, the rezoning request at St. James Rd. and Hwy 140. I am here to see this process through to the end. The Zoning Board denied this petition request to rezone. The Planning and Development Committee supported the zoning board’s decision. The community and adjacent property owners support these decisions and we have provided 250 signatures on petitions, 22 letters and over 50 people at the hearing in opposition to rezone this land from agricultural to B-1, limited business district. There are plenty of vacant spaces available in other places in Madison County already zoned for business. Local residents surrounding the specified land are satisfied with the results of the denial to rezone. I am here on behalf of the community. A few other community members are present here now. Community concerns include, devaluation of property, high accident intersection with injuries and one fatality, creation of a greater accident public health and safety issue, increasing hazard for farmers traveling on all of these roads, losing our peaceful and serene rural setting, inadequate infrastructure in place and loss of more green space. On behalf of our community, I ask that you honor the county comprehensive plan and respectfully request that you support the Zoning Board and the Planning and Development Committee’s recommendation to deny the rezoning. Thank you.

Mr. Asadorian moved, seconded by Mr. Holliday, to adopt the foregoing resolution.

On the question:

Mr. McRae: I have a couple of clarifying questions, the vote we are taking tonight is to approve the architectural services for the renovation of the jail, correct? It is roughly about $800,000.00. The first phase of that is about 3-4 million dollars?

Mr. Parente: The project has been broken into two phases. The first phase will address the overall facility deficiencies, the second phase will address the cell block deterioration and infrastructure. The first phase with the architectural work is estimated about 4 million dollars.

Mr. McRae: The first phase is plumbing and electrical work and the sprinkler system. I have toured the jail twice and I don’t want to spend the money any more than anybody else does, but my observation is in touring it and with talking with contractors and engineers and people familiar with the jail was that there are obvious deficiencies. I felt especially with the plumbing and the electrical things, you can see the things that needed attention and had been attended to over the years. I think the first phase is pretty much something we have to do and the second phase is going to be the cell block renovation, correct? That will be bid separately in approximately two years from now?

Mr. Parente: We have the money for the first phase, the second part would depend on when the funding became available. Potentially it would probably be split up in two phases.

Mr. McRae: We know we have the money for the first phase and the second phase will be scrutinized, and we are engineering for all of it. That makes sense to me. When I built my house I roughed in plumbing for a bathroom in the basement, even though I may never use it, because it will cost me $50.00 to do it then, it would cost me $5,000.00 to do later. We are engineering for the whole project, but the second phase may or may not come.

Mr. Dunstan: You are right. Even the first phase has to go through committee again, it is not a done deal. This goes through the architect and the architect does his studies, it still has to go through the committees and this will come up to the board. Every phase will come to the board for a vote. Even the first phase will come for a vote, the cell blocks will come up for a vote. If you remember, if we would have done the whole project, we were going to put in 1.5 million a year, just for the bonds. We are still putting that 1.5 million a year into this project. It is just going to be done piece mill and take a longer time to do it. I don’t know if we will ever be able to do the whole project. All the new additions have been taken off this completely. What we are trying to do now is address the deficiencies and we do know the cell blocks need work too. But that is something we have to put down the line maybe two to three years.

Mr. McRae: Thank you. I don’t want to spend the money any more than the next person, but it is a dramatically scaled back project from two years ago and it is all money we have or anticipate having, we are not borrowing a dime. That is why I feel comfortable supporting the project.
Mr. Madison: I would like to say this, the last time people heard from me was in the Buildings and Facilities Committee meeting. I had a lot of questions and I ended up voting no in committee and I felt I didn’t have enough information. I requested information from Kurt Geschwend and Joe Parente. I feel I got the information I needed to have to support the project. Tom said everything I was feeling. I am happy that the project scaled back and I am happy we are paying for it without borrowing. I am happy at this time to support the project.

Ms. Kuhn: I appreciate all the people that gathered signatures to oppose the 18.8 million plus interest on the jail renovation. I am of the opinion that this was an example of rural democracy. Today’s proposal is of a different nature. After touring the jail, it is obvious that renovation is a necessity. I am voting yes, but I am asking that we keep within the budget with possible reduction. I do feel if renovation does not begin within a certain time period the cost may be greater.

Ms. Hawkins: I am happy to hear that we have all the money for fixing the jail. I said this two years ago, I would not want any family member there with the conditions it is in now.

The ayes and nays being called on the motion to adopt resulted in a vote as follows:

NAYS: Adler.

AYES: 26. NAYS: 1. Whereupon the Chairman declared the foregoing resolution duly adopted.

On the question:

Ms. Ciampoli: Can you tell me how much land is going to be added to the enterprise zone and in addition, there is an area 9, 3, 11 and 12 zones, they seem very far away from the core piece and I question those areas.

Mr. Herzog: Twenty acres were being added to the Enterprise Zone. The areas that are away from the core area are in either Edwardsville or Pontoon Beach and are connected through 8 foot corridors which represent projects that were added to the existing Enterprise Zone and approved by the State.
Ms. Hawkins: This area is in my district and as you know, we have a lot of problems. It is in the middle of the American Bottoms, my vote will be no for various reasons. I never cared for TIF or enterprise zones, because of what it does. I realize it creates jobs on one hand but problems on the other.

The ayes and nays being called on the motion to adopt resulted in a vote as follows:

AYES: Adler, Asadorian, Brazier, Ms. Dalton, Davis, Dodd, Ms. Glasper, Goggin, Ms. Gorman, Holliday, Ms. Kuhn, Malone, Maxwell, McRae, Meyer, Minner, Petrillo, Pollard, Robertson, Ms. Roosevelt, Semanisin, Ms. Tracy, Trucano and Walters.

NAYS: Madison, Ciampoli and Hawkins.

AYES: 24. NAYS: 3. Whereupon the Chairman declared the foregoing resolution duly adopted.

A motion was made by Mr. Koeller and seconded by Mr. Davis that the petition of Gary and Tamara Dykeman be as follows: “Granted.”

The Finding of Fact of the Board of Appeals: I. The notice of Public Hearing was posted on the property in accordance with the terms of the ordinance; II. The legal notice appeared in the newspaper and meets the requirements of the ordinance for publication; III. The adjoining property owners were notified by mail of the time and date of the public hearing and none were in attendance; IV. Gary Dykeman, applicant and property owner, stated that he is seeking a variance in order to locate a new detached garage that would be twelve (12) feet in front of his dwelling. Mr. Dykeman stated that he has a physical restriction on his property due to the steep slopes on the northern and western portion of his property. Mr. Dykeman submitted a petition of support containing nine (9) signatures of adjacent and nearby property owners; V. The Board of Appeals notes for the record that the proposed variance requests would be compatible with the surrounding area; VI. The Board of Appeals feels that to allow this request would not cause a detrimental effect on adjoining properties; VII. The Board of Appeals notes that the Comprehensive Plan, Madison County Zoning Ordinance, and the zoning file were taken into consideration.

Voice Vote.

Ayes to the motion: Misters Davis, Dauderman, Janek, Koeller, Sedlacek and St. Peters.
Nays to the motion: Misters, none.
Absent were Misters: none.
Where upon the Chairman declared the motion duly adopted.

NAYS: None.

AYES: 27. NAYS: 0. Whereupon the Chairman declared the three (3) resolutions duly adopted.

Mr. Brazier: I have a question on the agreement for upgraded railroad crossing, why is the county doing this and not the railroad?

Mr. Gvillo: Right now we have no funding in this, Bethany Lane is our road and they are making improvements to Bethany Lane and then we will take over maintenance on the lane. We have to enter into the agreement since it is our lane, no money is being put forth.
Mr. Walters recognized a deputy sheriff that handled a situation that had occurred at his house. Mr. Walters also recognized the track coach of Alton High.

Mrs. Kuhn informed the board that the Highland Kirchenfest is taking place this coming weekend.
