A motion was made by Mr. Koeller and seconded by Mr. Davis that the petition of Richard Sturgill be as follows: I. That the Variance is Granted; II. That the applicant lower the brightness of the LED sign between 10 pm and 5 am.

Roll Call Vote.

Ayes to the motion: Misters Davis, Koeller.
Nays to the motion: Misters, Dauderman, Janek, and Sedlacek.
Absent were Misters: St. Peters.
Where upon the Chairman declared the motion failed.

A motion was made by Mr. Sedlacek and seconded by Mr. Janek that the petition of Richard Sturgill be as follows: “Denied.”

The Finding of Fact of the Board of Appeals: I. The notice of Public Hearing was posted on the property in accordance with the terms of the ordinance; II. The legal notice appeared in the newspaper and meets the requirements of the ordinance for publication; III. The adjoining property owners were notified by mail of the time and date of the public hearing; IV. Richard Sturgill, applicant, stated that he is seeking a variance in order to locate an LED sign on his property for advertisement purposes. Mr. Sturgill stated that the sign has been located on the property for three years; V. John Sedlacek, Zoning Board of Appeals member, asked the applicant if he was aware that permits and a variance were required. Mr. Sturgill replied that he was unaware of the requirements; VI. Bob Dauderman, Zoning Board of Appeals member, stated that he lives in the Village of Alhambra and finds the sign bright and distracting when traveling through the intersection. Mr. Dauderman asked the applicant if he has the capability to lower the brightness of the sign. Mr. Sturgill stated that he is unaware if the sign’s brightness can be lowered. Mr. Sturgill stated that the sign is no brighter than the traffic signals at the intersection. Mr. Strugill stated that he believes the intersection is safer because the intersection is well lighted; VII. Karol Reckmann, nearby property owner of 9853 State Route 140, asked if the variance for the LED sign only covers the existing sign. Derek Jackson, Madison County Planning Coordinator, stated that the variance is only for the existing signage. Mr. Jackson stated that the applicant would be required to reapply for a new variance if they decided to expand the sign or erect a new LED sign in the future; VIII. The Board of Appeals notes for the record that the proposed variance request would not be compatible with the surrounding area; IX. The Board of Appeals feels that to allow this request would cause a detrimental effect on adjoining properties and the safety of the intersection; X. The Board of Appeals notes that the Comprehensive Plan, Madison County Zoning Ordinance, and the zoning file were taken into consideration.

Roll Call Vote.

Ayes to the motion: Misters Davis, Dauderman, Janek, and Sedlacek.
Nays to the motion: Mister, Koeller.
Absent: Mister St. Peters.
Where upon the Chairman declared the motion duly adopted.

Z16-0022 - Petition of Dave Stukenberg of Mid America Development, applicant for owner of record, John Hamilton, requesting a Special Use Permit as per Article 93.177, Section D, in order to locate a billboard on site. Also, a Variance as per Article 93.016, Section C in order to have a double-sided billboard with 600 square feet of sign face instead of the allowable 300 square feet. Also a Variance as per Article 93.121, Section B in order to have a billboard 40 feet in height instead of the allowable 30 feet. This is located in a M-2 General Manufacturing District in Foster Township, on Wood Station Road, Alton, Illinois.

A motion was made by Mr. Sedlacek and seconded by Mr. Koeller that the petition of Mid America Development be as follows: I. The Special Use Permit and Variances are granted for the sole usage of Mid-American Development, LLC. The owner and user shall keep the property in compliance with all Madison County Ordinances; II. The owner and user shall apply for an amendment to this Special Use Permit for any future alterations, modifications, or enlargement of the billboard; III. The applicant shall apply for the necessary building permits through the Madison County Planning and Development Department; IV. Lighting shall be installed so that all light is directed onto the sign with no light going beyond the sign’s perimeter; V. That any cellular antennas attached as a fixture to the billboard shall be a canister or similar disguised design; VI. That any cellular antennas attached as a fixture to the billboard shall be no taller in height than the billboard; VII. Failure by the owner or occupant to comply with the conditions of the Special Use Permit will cause revocation of the same and immediate removal of billboard will be required; VIII. The owner and user shall remove the billboard when the need for this Special Use Permit no longer exists.

The Finding of Fact of the Board of Appeals: I. The notice of Public Hearing was posted on the property in accordance with the terms of the ordinance; II. The legal notice appeared in the newspaper and meets the requirements of the ordinance for publication; III. The adjoining property owners were notified by mail of the time and date of the public hearing and none were in attendance; IV. Dave Stukenberg spoke on behalf of the applicant, Mid America Development. Mr. Stukenberg stated that he is seeking a special use permit for the placement of a new billboard. In addition, Mr. Stukenberg stated that he is seeking variances for increased height and increased sign face. Mr. Stukenberg stated that the additional height request is due to the grade of the subject property being lower than the grade of the interstate, which will make the sign more visible from the roadway. Mr. Stukenberg stated that the additional sign face is to be consistent with other billboard signs along Interstate 255, which all have 300 feet of sign face per side. Mr. Stukenberg stated that there is an existing billboard sign across the interstate from the subject property, and that his intent is to construct an identical sign that is consistent with the existing billboard’s characteristics; V. The Board of Appeals notes for the record that the proposed special use permit and variance requests would be compatible with the surrounding area; VI. The Board of Appeals feels that to allow this request would not cause a detrimental effect on adjoining properties; VII. The Board of Appeals notes that the Comprehensive Plan, Madison County Zoning Ordinance, and the zoning file were taken into consideration.
