A RESOLUTION AUTHORIZING AN ADVISORY REFERENDUM CONCERNING EDUCATION FUNDING AND A PROPERTY TAX REDUCTION

WHEREAS, Article X Section 1 of the Constitution of the State of Illinois provide that “The State has the primary responsibility for financing the system of public education;” and

WHEREAS, the State of Illinois only provides for approximately twenty-eight percent of the cost of operating public schools, falling far short of its constitutional obligation; and

WHEREAS, the failure of the State of Illinois to fulfill its primary responsibility for financing the system of public education causes the burden of paying for public education to be shifted to local property taxpayers; and

WHEREAS, over sixty-two percent of all property taxes paid by Madison County taxpayers are paid to school districts; and

WHEREAS, taxpayers in Madison County have become increasingly resistant to rising property taxes; and

WHEREAS, the quality of education in public schools in Madison County is also impacted by inadequate State funding; and

WHEREAS, the State of Illinois should accept its responsibility to provide the primary source of funding public education, and provide for property tax relief for taxpayers in Madison County.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Madison County that it hereby authorizes an advisory question of public policy under the provisions of 55 ILCS 5/5-1005.5 and hereby certifies the question of whether the State of Illinois shall meet its Constitutional responsibility to provide the primary funding for the public school system, combined with a permanent reduction in property taxes for Madison County taxpayers to the County Clerk to be placed on the ballot for the General Election to be held on Tuesday, November 8, 2016. The referendum shall be submitted to all voters of Madison County, IL and the question shall be in substantially the following form:

Shall the State of Illinois meet its Constitutional responsibility to provide the primary funding for the public school system, combined with a permanent reduction in property taxes for Madison County taxpayers?  

YES  

NO

A RESOLUTION AUTHORIZING AN ADVISORY REFERENDUM CONCERNING PROPERTY TAX INCREASE PUBLIC HEARING NOTICES

WHEREAS, 35 ILCS/200/18-56 of the Property Tax Code requires taxing districts to disclose by publication and to hold a public hearing on their intention to adopt a levy in amounts more than 105% of the amount of property taxes estimated to be extended; and

WHEREAS, newspaper notices are inadequate in communicating with taxpayers a proposed tax increase and public hearing invitation; and

WHEREAS, Public Hearings are typically not well attended by taxpayers; and

WHEREAS, when property tax bills are mailed the following year, it is too late for taxpayers to take action about higher property tax bills as a result of increases by taxing bodies; and

WHEREAS, in addition to the required newspaper notification, requiring the mailing of the notice directly to property tax payers will increase transparency and encourage taxpayers to participate in public hearings.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Madison County that it hereby authorizes an advisory question of public policy under the provisions of 55 ILCS 5/5-1005.5 and hereby certifies the question of whether a taxing body shall be required to mail taxpayers a truth in taxation public hearing notice at least thirty days prior to adopting a property tax increase to the County Clerk to be

Executive Committee

Mr. Minner moved, seconded by Mr. Holliday, to adopt the two (2) foregoing resolutions.

On the question:

**Mr. Walters:** I think both of these resolutions are both interesting, however my feeling is, these are both state issues, these should be taken up with the state. It is not the county’s position to take up items that are dealt with through the state. I would love for the state to pass it, but I look at the funding for education and I almost feel like we are taking attacking some of our own legislators on both sides. I think our legislators do a fine job. I feel that we are telling them they should do this. The funding is an issue that probably most of us on this board don’t even understand. Do we understand how it is funded? 6119, we all know what that is, nobody knows what it is? 6119 is very simple, this is the amount that each school should get per student from either property taxes or through the state. I called up to Springfield and talked with someone and they gave me the example of this, let’s use Chatam, if they are able to get $5000 in property taxes per
student, the state has to come up with an additional $1119.00. That is what 6119 is all about. I asked who the last governor was that has done this, she said Rauner was the last governor, it is in his budget and nothing is getting done. Are we going to attack Mike Madigan and John Cullerton on this issue because they won’t pass a budget? I don’t want to attack them because of what I do for a living. If we want to do that, again I think this issue should be a state issue and we should stay out of it. I have talked to you Mr. Chairman, I believe in 2011 a referendum or resolution was brought up to appeal the income tax and the county board was told that this is a state issue. There was an editorial in the intelligencer that stated we should stay out of state politics and stick with the county. These two issues I wish the state would take up. I think they should fund it and I definitely think when they go and do a tax hike, whoever is doing it should send a letter to the individuals that are paying that tax and let them know. I am for that, but if we go from the past, we were told we should not get involved.

Mr. Dunstan: And to answer you Mr. Walters, in 2011 what happened was, the State of Illinois passed an income tax and they actually passed the tax and Mr. Slusser wanted us to take a position opposed to something they have already done. We are putting our nose into something they already did. This is different in the sense, we are asking is for them to look at it. If you look at funding for education today, the Constitution of Illinois says you should be 50% plus should be state funded. I think right now it is at 24% and all this is asking is for the State of Illinois to pay their fair share for education and if they do that you would see property tax reduced. I, like everyone in this room go and knock on doors and hear about property taxes. The only way you are going to get a tax reform is if something happens at the State of Illinois. The second notice on here is when the taxing districts go out and they go over 5% they put a box in the newspaper, everybody sees it but nobody goes to the meeting. All this would do is if they go over 5%, we are asking the State of Illinois to pass something and a letter would have to be sent to their constituents to let them know they are going to increase it and I guarantee they would have people at their meeting. What I think we are all interested in seeing, everyone in this room both democrat and republican are interested in property tax reform. There is no one that has ownership on this and it is true. Your county portion has gone down, your taxes has gone up. But because we send out the tax bill, the county gets the blame. All we are trying to do is have the State of Illinois step up and I am not pointing the finger at democrats or republicans. I would like to see them fund education like it says in the State Constitution and also make it harder for districts to go over 5% on their levies. That was the only intention for this.

Mr. Walters: I agree with both of those, but I just think these resolutions might be misleading because the voters are going to go in and vote and what they are doing is going to cause this to happen. I understand this is advisory, but I don’t think when they go in they will read the whole thing, I think some of them will think we are voting to do this. I may be wrong, but I think we should table this.

Mr. Dodd: Maybe this advisory will open people’s eyes and they will start asking questions on both sides of the fence.

Ms. Ciampoli: I have talked to about this issue prior to today. I believe in 2008 Judy Kuhn brought up an issue for 75% of the counties in Illinois were passing a non-binding resolution for the second amendment. In 2013 I also brought up an issue for an advisory referendum and was shut down. I agree with what Mr. Walters said about how we shouldn’t go into state issues, and I have some other things were we tried to do that and it wasn’t brought forth to the floor.

Mr. Adler: I have two comments, number one property tax reform begins at home and public bodies that levy more than they did the year before create property tax problems for taxpayers. That is the kernel of the problem. The second thing is, when folks levy more than 5%, they just don’t put a notice in the newspaper they are going to have to raise the levy a little more to mail out all these letters.
Mr. Walters moved, seconded by Mr. Madison, to table the foregoing resolution. **MOTION FAILED.**

**Mr. Madison:** On item B2 the 5% increase and sending out the mailings so people can understand their local taxing body is raising taxes 5% or higher. That sounds good and I think that is what we have now except we don’t send out the mailers. And it sounds like it would be very expensive, especially if we sent to small, inexpensive properties that some people own multiple properties, I would think that would be looked at if we got serious about that, but since this is non-binding and it really is us just saying you need to do better, I think if we are going to say that then we should put some teeth in it. Instead of using 5% and letting them come in at 4.99% and they can do that every year and never have to send a letter out telling people about a hearing we can put some teeth in it and make it 2%. Not long ago, Lewis and Clark College raised their levy 13%, if we left this at 5% they could do that over 3 years without ever sending a letter. They would have to send a letter if it was 13%, which would be nice, but if it was 2% they couldn’t even skirt around that issue.

**Mr. Dunstan:** I understand what you are saying and the reason we are using the 5% is because that is what is used in the truth and taxation and we want to keep it at truth and taxation. If this goes up to the state I probably wouldn’t be opposed to it. If this is just a beginning point that we are sending to the state, actually what you said I would not be opposed to it. We are trying to keep it at truth and taxation.

**Mr. Adler:** This has been discussed by the Illinois Supreme Court and it has been adjudicated. Whether the state is constitutionally mandated to come up with its constitutional 50% of the funding for the schools of Illinois. It has been decided and it is over. I don’t have the exact case number, but it has been adjudicated.

**Mr. Madison:** While we are doing this for the good of Illinois and I agree we need to do this and I would like to make a motion to introduce my own resolution authorizing an advisory referendum concerning term limits of Illinois elected officials.

**Mr. Dunstan:** You would have had to have that on the agenda before this meeting.

**Mr. Madison:** That is fine, I would like to officially do that for next meeting.

**Mr. Dunstan:** That would have to go to legislative committee first.

**Ms. Kuhn:** I agree with what Mike is saying and when I read this I feel like I have to vote for them, I also am wondering, does the State of Illinois not give as much funding to their schools as other state do, is that right?

**Mr. Dunstan:** I believe that is correct. We are 49th out of 50 states for state funds going to education.

**Mr. Parente:** That is correct and that is one of the reasons why Illinois has some of the highest property taxes in the country because of this issue.

**Ms. Kuhn:** I am not sure if term limits would help at a local level.

**Mr. Madison:** Mine was for at the state level.

**Ms. Kuhn:** I still would like to make a motion that in order to do away with partisanship as you see going on up to the federal level, just at a small level like this, I would like to make a motion that the county board members and all county wide elected officials do not run on political party tickets.
Mr. Dunstan: You would have to bring that to committee as well.

Mr. Asadorian: This is merely an advisory referendum that we are placing on the ballot and it would be stated as such. I have a little bit more confidence in the voters that they actually read what they are voting on. As far as the other issues, I believe that should go to committee members and have it brought up in committee. This is not the place to bring it up.

Ms. Dalton: I feel the same way what was just said. This is an advisory, we have to give our voters credit for knowing what they are voting on. I know some don’t. But majority of our voters are educated and I think we should give them the ability to say yes they are advised on this, because some of the people are not aware that the state is supposed to be funding education as much as they are supposed to and I think by bringing this to light this way, it tells them the state is lacking behind and they need to get on board.

Mr. Adler: The case law, in 1973 Blaze vs. the State of Illinois, the Supreme Court of Illinois, held that the constitutional provisions giving the state the primary responsible to financing the system of public education was intended to express a ruler objection not to oppose a similar obligation on the general assembly.

The ayes and nays being called on the motion to adopt resulted in a vote as follows:

NAYS: Adler and Ciampoli.

ABSTAIN: Madison and Walters.

AYES: 22. NAYS: 2. ABSTAIN: 2. Whereupon the Chairman declared the two (2) resolutions duly adopted.
