MADISON COUNTY COVID-19 COMMUNITY TESTING

Madison County Health Department has developed partnerships with SIU School of Medicine, SIUE Nursing, Lewis & Clark Community College, and SIHF Healthcare to ensure community-based testing services that are easily accessible for residents of Madison County.

Mobile Testing Process:

- Tests are open to the public.
- No appointment needed.
- No need to be a Madison County resident.
- Face coverings are REQUIRED
- There is NO OUT OF POCKET COST to you for this test
- Please bring Photo ID and health insurance card if you have one
- Testing available to adults and children over 6 months of age – there are no other requirements to be tested.
- No pre-screening before arrival.
- Testing is done using a shallow nose swab, NOT a deep swab of the nose and throat. This means the test is not at all uncomfortable.
- Test is for COVID-19, this is not an antibody test.
- Lab turnaround is delayed, there is up to a week before you will get your results.
- The Madison County Health Department will contact you once we receive the results, do not call the health department for results.
- Testers are from SIU School of Medicine/SIUE-Nursing or SIHF Healthcare
- Other partners are Madison County Health Department and Lewis & Clark Community College
- All testing is conducted outside.
- If the space can accommodate it is drive-thru and walk-up site, otherwise sites are walk-up.
- Accommodations can be made to conduct testing from a car.
- Come prepared for the weather (bring water, umbrella for shade, etc.).
- Be patient, there will be lines.

This COVID-19 testing site is sponsored by:
