MADISON COUNTY HEALTH DEPARTMENT

Fourth Annual Report
December 1, 1997 through November 30, 1998
To The Citizens of Madison County:

Providing public health services that promote wellness and protect the health of the community is the goal of the Madison County Health Department. This report summarizes the services provided by the Department and the occurrence of specific diseases. In the coming year we will continue our efforts to prevent the spread of disease, protect the wholesome uses of food and water, and to promote the health of children and adults.

Achievement of our goal will be accomplished through coalition building and collaboration with health professionals, health care agencies, schools, local and state officials, and most importantly, you, the citizens of Madison County.

We look forward to serving you as we strive to provide the best health protection programs possible.

Sincerely,

Donald R. Byrnam
Administrator

MISSION

It is the mission of the Madison County Health Department to provide those programs and activities that are necessary and desirable to assure the conditions in which people can be healthy.

The Department shall carry out its mission through regular and systematic assessments of community needs, policy development based on knowledgeable and scientific principles of health, and assessing these actions by regulations or direct services.

ENVIRONMENTAL HEALTH SERVICES DIVISION

Food Sanitation Program

The goal of the Food Sanitation Program is to protect citizens from contracting and transmitting foodborne diseases, and to educate food service operators and consumers about safe food handling practices.
