Volunteer Organizations to offer Storm Debris Cleanup Assistance in North Haven.

The Town of North Haven would like to inform those residents with financial and other hardships that in conjunction with the Town's curbside debris pickup, additional assistance in the clearing and hauling to the curb of storm damaged brush and limbs from the tornado and thunderstorm of August 27th will be available beginning Saturday, September 5th.

The Town is appreciative of the efforts of Team Rubicon and other Volunteer Organizations Active in Disaster (VOADs) including United Way 211, The Salvation Army and the American Red Cross, to coordinate this project and provide much needed assistance to those severely impacted by this event.

Residents may apply for assistance by visiting www.211ct.org/tornadodamaget to register their address and complete a short survey to determine needs and eligibility. Priorities will be given to those with financial hardship, senior citizens, functional needs, veterans and similar factors. (For those unable to apply via the website, please dial 211.)

The Town will be continuing its efforts in deploying our field operations crew in curbside residential storm debris cleanup for a minimum of eight weeks. Please visit our website for more information. www.northhaven-ct.gov.
