To ensure participant and staff health and safety, the following changes to the preschool program have been implemented.

* Health screenings/wellness assessments
* Modified class sizes (12:2 ratio) with stable groups
* Face coverings for staff, optional for participants
* Classrooms rearranged to encourage social distancing
* Increased cleaning, disinfecting, and sanitizing procedures
* Classroom time decrease to 2 hrs
* Monthly fees have been adjusted

Enrolling students must meet age requirement as of October 1, 2020

- **Co-op** means parents are **REQUIRED** to work in the classroom generally twice a month. This enables fees to be kept low and parents to observe their child and the program.
- **Non Co-op** means parents are **NOT** required to work in the classroom. The additional class fee charged for these classes compensates for extra staff or smaller class size.
- Maximum 25 students per class.
- All students must be **FULLY** potty trained prior to first day of attendance.
