PC-2009-023/024; Salem Romanian Apostolic Church, requesting special land use and site plan approval to convert an existing single family residential structure into a place of worship for their 42 member congregation located on a 4.88+- acre parcel on the south side of Beverly Road between Wayne and Merriman Roads. The subject property is located at 33485 Beverly Road. Parcel# 82-80-016-99-0028-000. Zoning: R-1A, Single-Family Residential District. (Action required: Hold a public hearing, discuss site design and capacity with applicant, table the special land use and site plan)

Ed Al-Saati, A&M Consultants, and Dorin Cacau and George Petes, property owners, came forward to represent the petition.

Cynthia I. Lyon, ACIP, Planning Director, reviewed the staff report dated January 29, 2010.

Chairperson Freitag opened the meeting for comments and discussion by the petitioner as follows:

• Mr. Al-Saati stated that the reason the revised submission noted a reduced capacity from 64 to 48 members was due to a lack of communication with the owners prior to the original submission. The original site plan was submitted with the idea that a capacity of 64 members would be assumed because that is what the floor plan could accommodate. However, discussion with the owner afterward clarified that they only needed seating for 43 members.

• Mr. Al-Saati stated that the revised site plan submitted should not be compared to the design and layout of the original site plan submission.

• Mr. Al-Saati stated that due to the existing drainage the detention pond cannot exceed a depth of 1-1/2 feet and when taking into account the 12-inches of freeboard required only 6 inches of depth is left, which is the reason for the large square footage of the detention.
• Mr. Al-Saati stated that with the knowledge that a capacity of only 43 members was required the parking lot was able to be reduced in order to accommodate the detention.

• Mr. Burcroff requested verification that the public hearing notification requirements to the residents within 300 feet of the subject property were not met.

• Ms. Lyon confirmed that six (6) of the property owners to the south were not notified of the public hearing for the Special Land Use request.

• Mr. Burcroff clarified that the public hearing obligation for the Special Land Use request would be met at a future meeting.

• Ms. Lyon confirmed that the public hearing obligation for the Special Land Use request would be met at a future meeting, but recommended that the Planning Commission allow public comment from the residents in attendance at this meeting.

• Ms. Lyon also stated that the Planning Commission should discuss with the applicant and determine whether or not the public hearing should be set for March or if the outstanding issues should be addressed on revised plans prior to coming back before the Planning Commission for public hearing and action.

• Ms. Freitag requested that a brief explanation of the church be provided.

• Mr. Petes stated that he is the founder and pastor of the church which was founded in February 2001 and the members of the church have grown from three to ten families consisting of 20 adults and children, but they do not anticipate much more growth.

• Mr. Petes stated that there would be two programs on Sundays at 9:00 am and 6:00 pm, which will not generate much traffic.

• Ms. Freitag questioned where the church currently meets.

• Mr. Petes stated they currently share the church on Tyler Road with another church.

Let the record show that an affidavit of first class mail has been shown and is on file.

Chairperson Freitag opened the public hearing for public comments and asked if anyone wished to speak on this matter.

• Mr. Lawrence McIntosh, representing his mother Callie Horsted, 33425 Beverly Road, Romulus, MI came forward in opposition of the request. Mr. McIntosh stated concerns regarding the standing water that already exist on the property which will create a problem when the parking lot is constructed causing any excess water to run off onto the neighboring properties and that there are already eight to ten churches within a 3 mile radius, which is enough for that area.

• Mr. Ernest Monroe, representing his parents Ernest and Doris Monroe, 33559 Beverly Road, Romulus, MI came forward in opposition of the request. Mr.
Monroe stated concerns regarding the several inconsistencies and non-compliances with the case with no revised floor plan or explanation being provided by the applicant.

- Mr. Monroe also stated concerns regarding the existing six churches within a half mile radius of the subject property and questioned the Master Plan, as far as, how it pertains to the subject property and the number of churches that could be accommodated in one area.

- Mr. Monroe concluded that he hoped the Planning Commission would take into account the quality of life for the neighbors and the major inconsistencies with the case and ask that the applicant choose an alternative site that would be more compatible.

- Mr. Ernest S. Monroe, 33559 Beverly Road, Romulus, MI came forward in opposition of the request.

No one else came forward. Chairperson Freitag closed the public hearing and opened the meeting for comments and discussion by the Commissioners as follows:

- Mr. Paul commented that the project has many deficiencies and he was dissatisfied with the quality of the site plan, such as, not showing the existing back door on the building and stated that it is too early to make a decision on this case.

Motion by Paul supported by Burcroff to table PC-2009-023/024, Salem Romanian Apostolic Church, until revised plans have been submitted addressing the outstanding issues with a new public hearing to be held at that time. The subject property is located at 33485 Beverly Road. Parcel# 82-80-016-99-0028-000. Roll Call Vote: Ayes – Paul, Burcroff, Zilka, McAnally, Glotfelty, Freitag. Nays – None. Motion Carried.

Discussion after the motion:

- Mr. Burcroff requested clarification on when the public hearing would be held in order to meet the notification requirement.

- Ms. Lyon stated that the public hearing would be held after revised plans have been submitted addressing the outstanding issues, at which time, all residents within 300 feet of the subject property would be notified, including the residents that received notice for this meeting, as well as, the six (6) residents that were not notified.

- Lydia Cacau, 37941 Tyler Road, Romulus, MI came forward and questioned if all of the Zoning Ordinance requirements have been met could the site plan still be denied based on opposition from the neighbors.

- Ms. Freitag stated that if all of the Zoning Ordinance requirements have been met then the site plan would be approved.
